Election Type	<b>Ordinary</b>

---

## MIDDLETON, ANTHONY

For the last 4 years, I have served you, the community of Newman, in which I hope to do the same for the upcoming 4 years. I have thoroughly enjoyed the challenge being a voice for the town and pitching your ideas to council.

I will remain working tirelessly, being open, honest, transparent and follow up to give feedback on any questions you ask and represent our region, to all levels of Government, so that we can all work together to make Newman an even better place to live and work, into the future.

Being an energetic 36 year old, with significant drive on bettering Newman, I have resided in Newman for over 25 years, growing up, schooling, working, owning and operating small business, working for industry and involvement in community organisations sets me up to continue representing you
