## WILMOT, John

I want to serve, all people, who call the East Pilbara home. Living here for 12 years, I'm aware of the issues that concern me, but I want to know what issues are important to you. I am 56, married 25 years and raised 7 children here. I facilitate the Martu Farm Training Centre, Pastor the Martu Christian Fellowship, run a Driving School (which sponsors Keys For Life, driving program). I'm also a Mental Health first aid Instructor, a Trainer and Assessor and a funeral director. I'm passionate about health, education, social and community development and support of families, children, youth, community organisations, volunteers and their needs. I would like to encourage a mental health plan for our region, solar power, electricity and flight concessions and continued investment in tourism
