## **ANICK, Matthew**

I have been a resident of the Pilbara for the majority of my 35 years, having been raised on a pastoral station near Newman. Despite several years spent in Perth for the purposes of my education, I still feel a profound connection to the land and community that I grew up in. Currently I currently reside in Newman with my partner and our two young children, and I am passionate about maintaining and improving the region that I call home.

I understand what makes regional communities amazing places to live, and I understand some the challenges that get in the way. I would love the opportunity to learn from and give back to the community, and I will commit to being open, honest and driven in achieving that.
