## Boarders

(boardgames for Adults)

We're having a holiday in January, but be ready to start again in February. First night back will be

Thursday, 13th February  
from 7.00pm - 9.00pm

(BYO snacks - tea & coffee available)

## The origins of New Year's Resolutions

It all began with the Babylonians about 4000 years ago. They used to make promises to gods such as paying off debt and returning borrowed items, in the belief that it would curry favour with the gods in the coming year.

The two-faced Roman god Janus symbolised looking back at the past and forward to the new. So from 46BC, when Julius Caesar introduced a new calendar, Romans would offer sacrifices to Janus and promise to be better in the new year.

And the Knights of the Middle Ages would renew their vow to chivalry by placing their hands on a live or roasted peacock.

New Year!

## Book Goal for January

## Jokes to welcome in the New Year

Q. What is a spider's New Year resolution?

A. To spend less time on the web!

An iPhone and a firecracker were arrested on New Year's Eve - one was charged and the other was let off.

Q. Why don't New Year's resolutions ever work?

A. Because they go in one year and out the other.

Two friends were getting ready to go out to celebrate New Year's Eve and the first friend said - my New Year's Resolution is to read more books. The other friend said - that's impressive, how are you going to do that? First friend replied - watch TV with subtitles.
