My working life spans a spray-painting apprenticeship, Drill & Blast in the mining sector, to my own hydraulics businesses. Returning to the resources industry with a bag of life lessons, 16yrs with BHP residential in Newman: Drill & Blast Engineer, Quarry Manager then WAIO Manager of Technology & Autonomy. Now a business owner in Marble Bar and I sit on local committees for the Community Resource Centre, Tourist Association, and the Race Club.

Lets work towards bringing families back to town by encouraging growth in tourism and business. Working towards more housing, strengthening our health systems for multigenerational families. More work, more infrastructure, more people returning home. More quality for our unique slice of Pilbara life.
