The 2018 WALGA Annual General Meeting (AGM) starting at 1.30pm, Wednesday 1st August 2017, which the Shire of East Pilbara requires two voting delegates to attend.

The Local Government Convention and Trade Exhibition will commence Thursday 2nd and Friday 3rd August 2018.

The Annual Gala Dinner will take place on the evening of Thursday 2nd August 2018 instead of Friday.

Copies of the WA Local Government Convention and Trade Exhibition program will be distributed to Councillors once it has been finalised.

In 2017, six (6) Councillors, Cr Grace, Cr Coppin, Cr Kitchin, Cr Carter, Cr Parsons, Shire President Craigie and Allen Cooper, Chief Executive Officer attended the event.

It is also a good opportunity for Councillors to attend training sessions prior to and after the convention.

Shire of East Pilbara Councillors and staff have stayed for many years at the Pan Pacific, staying in a Club King Room \$310p/night this has not increased for more than three years or there is Club Suites Room \$390p/n and the WA Local Government Convention have also received costs on accommodation as below.

Accommodation

To assist with your accommodation arrangements, detailed below are some options within the central business district.

COMMENTS/OPTIONS/DISCUSSIONS

WA Local Government Convention and Trade Exhibition is also an opportunity for the Shire President and the Chief Executive Officer to meet with Ministers, Government agencies and others, if required.

Early indication of attendance allows staff to pre-book accommodation and flights at the cheapest possible rate; it also allows Councillors to book annual leave with their employer.

POLICY IMPLICATIONS

Policy Manual 2017-2018

1.6 Dress Code for Councillors Representing Council on External Business and Events

Responsible Directorate	Executive Services
Responsible Officer	Chief Executive Officer
File Number	CLR 4-6

Objective

In addition to the dress standard for Council Chambers (Item No: 9.1.13 Dated 27th June 2003) as described in the Councillors handbook, it is also appropriate to establish an acceptable dress standard for all Councillors attending or representing Council business at external functions and events.

The manner in which Councillors are dressed on official business can have a profound effect on the image of the Shire of East Pilbara. A good quality uniform will assist in building a professional image of the Shire and assist external sources to identify Shire Councillors.

Policy

1. Councillors will be issued a pair of shirts with the inclusion of the Shire logo on all uniform pieces.
2. All uniforms provided by and financed by the Shire of East Pilbara will be regarded as the Councillor Corporate Wardrobe. This will be subsidised by the Shire or processed through the Shire's financial and distribution system.
3. All Councillors provided with Corporate Uniforms must wear the uniform at all Councils functions and events (internal or external business and meetings) on a regular basis.
4. Councillors are not to wear Corporate Uniforms for personal use.
5. Councillors are able to purchase additional clothing other than that supplied by the Council. They will be responsible for the full costs of these additional uniforms.
6. Each Councillor is responsible for repairs, alterations and cleaning of supplied uniforms.
7. All items provided must be cleaned as per instructions on the label.

STRATEGIC COMMUNITY PLAN

Goal 3 - Community Leadership

To Provide Sound Leadership and Strong Representation

3.1 Representation

RISK MANAGEMENT CONSIDERATIONS

Nil

FINANCIAL IMPLICATIONS

The cost of attendance for the 2018 WA Local Government Convention and Workshop is budgeted for each year, for Councillors under account number GL# 41007 for Conference and Seminar Expenses, and for the Chief Executive Officer under account number GL# 41103 Conference and Seminar Expenses. These costs will be covered in the budget 2018/19.

VOTING REQUIREMENTS

12:25 PM Cr Dean Hatwell returned to the Chambers

REPORT PURPOSE

For Council to consider the draft differential rating model for the 2018/2019 financial year for the purpose of advertising and seeking public submissions.

BACKGROUND

Council sets its budget in July each year. A key component of the setting the budget is the consideration of rate revenue for the year to meet the estimate of the budget deficiency as set out in the Local Government Act 1995.

Council has adopted a process of differential rating since the 2006/2007 budget whereby different rates are set for different land uses. It is proposed to continue with a differential rating strategy in 2018/2019 as set out in Council's 2017/18 Rating Strategy accepted by Council at the March 2017 Council meeting.

This approach is also consistent with Council's Long Term Financial Plan.

COMMENTS/OPTIONS/DISCUSSIONS

As part of the budget process operating income and expenditure has been reviewed. This review has included projected changes to income and expenditure, efficiency measures and proposed capital works. The differential rating model directly influences Council's ability to fund its expenditure requirements in the 2018/2019 budget.

Currently Council's adopted Long Term Financial Plan includes a 4.0% rate increase for the 2018/2019 year however sound financial management means that Council can adopt a lower increase based on proposed expenditure including capital, and projected revenues. It is therefore possible to adopt a balanced budget with a 3.0% increase in the rate in the dollar across all categories.

The Shire of East Pilbara underwent a General Valuation in August 2017 which will come into force on 1 July 2018. Approximate valuation changes are listed below:

Newman Residential	Down	40 – 60%
Nullagine Townsite	Down	30 – 50%
Marble Bar Residential	Down	20 – 40%
Town Centre	Down	15 – 25%
Transient Workforce	Down	Various
Industrial	Down	Various

The proposed rates in the dollar attempts to balance the need for revenue to fund essential services and capital, with the desire to minimise the impact that rates have on ratepayers. To realise a 3% increase in overall rate income, calculations were undertaken prior to the revaluation to obtain this. Revaluations were then uploaded into the system and each land use modelled to create a similar revenue base. The proposed rates in the dollar will generate sufficient funds to continue to provide services and facilities at the current level and also allow for necessary renewal of assets. Limited new services and infrastructure, in line with the Community Strategic Plan, have also been considered and provided where possible.

Table One – Comparison 2017/18 differential rates to proposed 2018/19 differential rates

Category	2017-18 Rate in Dollar	2018-19 Rate in Dollar Proposed	2017-18 Minimum	2018-19 Minimum

Unimproved Value – Exploration Leases	17.7505	18.2830	\$230	\$230
Unimproved Value – Prospecting Leases	17.7505	18.2830	\$230	\$230

If accepted, this rating will require Ministerial approval for both GRV and UV's.

“In imposing a differential general rate a local government is not to, without the approval of the Minister, impose a differential general rate which is more than twice the lowest differential general rate imposed by it.”

Based on the current rating information the proposed differential rating model would raise \$12 million in the 2018/2019 year compared to \$11.5 million in the 2017/2018 year.

Before Council can establish a differential rating model, the proposed differential rates together with the objects of imposing differential rates and reasons for each rate must be advertised for a minimum period of 21 days. This period of advertising allows ratepayers to consider the proposed rates and make any submissions prior to Council considering the adoption of differential rates as part of the budget approval process. The advertising process does not prevent Council from amending the rate model at budget adoption.

STATUTORY IMPLICATIONS/REQUIREMENTS

Local Government Act

6.33. Differential general rates

(1) A local government may impose differential general rates according to any, or a combination, of the following characteristics —

(a) the purpose for which the land is zoned, whether or not under a local planning scheme or improvement scheme in force under the Planning and Development Act 2005;

or

(b) a purpose for which the land is held or used as determined by the local government; or

(c) whether or not the land is vacant land; or

(d) any other characteristic or combination of characteristics prescribed.

(2) Regulations may —

(a) specify the characteristics under subsection (1) which a local government is to use; or

(b) limit the characteristics under subsection (1) which a local government is permitted to use.

(3) In imposing a differential general rate a local government is not to, without the approval of the Minister, impose a differential general rate which is more than twice the lowest differential general rate imposed by it.

(4) If during a financial year, the characteristics of any land which form the basis for the imposition of a differential general rate have changed, the local government is not to, on account of that change, amend the assessment of rates payable on that land in respect of that financial year but this subsection does not apply in any case where section 6.40(1)(a) applies.

(5) A differential general rate that a local government purported to impose under this Act before the Local Government Amendment Act 2009 section 39(1)(a) came into operation is to be taken to have been as valid as if the amendment made by that paragraph had been made before the purported imposition of that rate.

Section 6.36. - Local government to give notice of certain rates

(1) Before imposing any differential general rates or a minimum payment applying to a differential rate category under section 6.35(6)(c) a local government is to give local public notice of its intention to do so

(2) A local government is required to ensure that a notice referred to in subsection (1) is published in sufficient time to allow compliance with the requirements specified in this section and section 6.2(1).

(3) A notice referred to in subsection (1) —

(a) may be published within the period of 2 months preceding the commencement of the financial year to which the proposed rates are to apply on the basis of the local government's estimate of the budget deficiency;

(b) is to contain —

(i) details of each rate or minimum payment the local government intends to impose;

(ii) an invitation for submissions to be made by an elector or a ratepayer in respect of the proposed rate or minimum payment and any related matters within 21 days (or such longer period as is specified in the notice) of the notice; and

(iii) any further information in relation to the matters specified in subparagraphs (i) and (ii) which may be prescribed;

And

(c) is to advise electors and ratepayers of the time and place where a document describing the objects of, and reasons for, each proposed rate and minimum payment may be inspected.

(4) The local government is required to consider any submissions received before imposing the proposed rate or minimum payment with or without modification.

(5) Where a local government –

(a) in an emergency, proposes to impose a supplementary general rate or specified area rate under section 6.32(3)(a); or

(b) proposes to modify the proposed rates or minimum payments after considering any submissions under subsection (4),

It is not required to give local public notice of that proposed supplementary general rate, specified area rate, modified rate or minimum payment.

ADDENDUM ORDINARY MEETING OF COUNCIL – 13TH APRIL 2018

Additional Information:

Subsequent to circulation of the Agenda for this meeting, the CEO has suggested that we highlight 5 priorities from the Fraud & Corruption Prevention Plan that we work towards for the next 12 months.

Many of the actions from the Fraud & Corruption Prevention Plan are tasks which we already perform on a regular basis. Therefore, we have highlighted 5 priorities which are project based. The 5 priorities are:

1. Fraud & corruption control responsibilities be incorporated into the performance management system.
2. Preventing fraud and corruption should be specified in the position description of line managers.
3. Communicate fraud and corruption awareness through the staff newsletter.
4. Revalidation checks of criminal history (police clearance) every 5 years.
5. Consider developing a policy of mandatory reporting of known or suspected fraud or corruption.

REPORT PURPOSE

For Council to endorse changes to the Fraud & Corruption Prevention Policy & Plan.

BACKGROUND

The Fraud & Corruption Prevention Policy ("Policy") was adopted by Council on 28 June 2013, following the Corruption and Crime Commission's ("CCC") 'Report on the Review of the Capacity of Local Governments in the Pilbara to Prevent, Identify and Deal with Misconduct' ("the Report").

The Fraud & Corruption Management Plan ("Plan") was endorsed by Council on 27 September 2013.

No review of the Policy or Plan has been undertaken since their adoption in 2013.

COMMENTS/OPTIONS/DISCUSSIONS

The Policy has been reviewed with some minor changes. Amended copy **attached** for your reference.

The Plan has undergone a complete re-write. The new Plan follows the Australian Standard 8001-2008 on Fraud and corruption control and comprises four stages: planning and resourcing; prevention; detection; and response.

It details the practical steps we will undertake in order to achieve our goals outlined in the Policy. These have been carefully considered to ensure an appropriate level of accountability, as well as making our goals achievable and realistic. This will also make the auditing and review process easier.

A copy of the Plan is **attached** for your reference.

STATUTORY IMPLICATIONS/REQUIREMENTS

There is no statutory requirement for Local Government's to have a Fraud & Corruption Prevention Policy or Plan. However, we chose to adopt a Fraud & Corruption Policy/Plan following the CCC's recommendations in their Report.

POLICY IMPLICATIONS

1.15 FRAUD AND CORRUPTION PREVENTION POLICY

STRATEGIC COMMUNITY PLAN

Goal 1 – Civic Leadership – Planned Actions

The Shire of East Pilbara seeks to deliver high quality corporate governance and demonstrate accountability to its constituents. All decisions are informed by community engagement – leading to the effective allocation of the Shire's resources – that deliver optimum benefits to the community.

1.1 Efficient and effective local government

1.1.1 Ethical, accountable and transparent decision-making
Responsible officer: DCEO
Timing: As appropriate

RISK MANAGEMENT CONSIDERATIONS

It is important that the Fraud & Corruption Prevention Policy & Plan is reviewed regularly to minimise the Shire's exposure to this kind of risk. Amendments have been made to the Policy to ensure that it is reviewed at least every 2 years.

FINANCIAL IMPLICATIONS

Resource requirements are in accordance with existing budgetary allocation.

VOTING REQUIREMENTS

Simple.

OFFICER'S RECOMMENDATION

THAT Council:

1. Endorse changes to the Fraud & Corruption Prevention Policy, as attached.
2. Endorse changes to the Fraud & Corruption Prevention Plan, as attached.

REPORT PURPOSE

To provide Councillors with a monthly financial statement on the operations of Council.

BACKGROUND

The attached 12-page report details the financial activities of the Council for the period 1st July 2017 to 28th February 2018 of the 2017/2018 financial year –

There are 4 sections of the monthly report:

1. An operating statement comparing income and expenditure to the adopted budget for each function of Council.
2. A more detailed schedule which breaks the operating statement down into the various operational sections and departments of Council.
3. A schedule detailing all expenditure for the year to date for individual capital items.
4. A statement of cash flows.

COMMENTS/OPTIONS/DISCUSSIONS

The Deputy Chief Executive Officer will provide an overview and explanation as required of how to interpret the financial statement at the meeting.

Reportable variations in accordance with accounting policies are as follows:

9.3.2 MEMORANDUM OF UNDERSTANDING BETWEEN DFES AND SHIRE OF EAST PILBARA - TRANSFER OF BUSHFIRE CONTROL

Responsible Officer: Mr Rick Miller
Director Technical and Development Services

Author: Mr Brent Stein
Manager Community Safety

Proposed Meeting Date: 13 April 2018

Location/Address: Shire of East Pilbara

Name of Applicant: Department of Fire and Emergency Services (DFES)

Author Disclosure of Interest: Nil

REPORT PURPOSE

For Council to consider providing in principal agreement on entering into a Memorandum of Understanding (MOU) with the Department Fire and Emergency Services for the management and control of the Bushfire Brigades, Bush Fires and Emergency Services in the Pilbara Region of Western Australia for a trial period of three years.

BACKGROUND

The Memorandum of Understanding for the management and control of the Bushfire Brigades, Bush Fires and Emergency Services in the Pilbara Region of Western Australia. (The MOU) was enacted between DFES and the Local Governments (LG) of the City of Karratha (CofK) and the Shire of Exmouth (SoE) during 2017 (the signatories LG's). The same MOU was presented to the Shire of East Pilbara Council on 29th April 2016. On that occasion, the MOU was voted against by Council (Record of Vote – 2 - 6). It is understood that Council did not support the MOU on that occasion as there was a concern that DFES personnel may not be able to attend Bush Fires immediately, as the Chief Bush Fire Control Officer would be located in Port Hedland.

The contingency for this is that the Deputy Chief Bush Fire Control Officer and the Fire Control Officers currently gazetted within the Shire of East Pilbara live and work in the district and they would respond when required in the first instance.

The progress report provided by DFES Superintendent Pilbara against the main points of the MOU is to provide visibility of the effectiveness of the arrangements during the first 6 months of operation.

It is noteworthy that during this period there have been a number of significant Bushfire incidents both in the LG's areas covered by the MOU and regionally where the brigade from the signatory LG's attended. There has also been the formal establishment of two new Bush Fire Brigades in the region; one of these is a signatory LG being Nickol Bay in the CoFK. The report is to be read in conjunction with the MOU and Concept of Operation documents (attached).

COMMENTS/OPTIONS/DISCUSSIONS

Peter McCarthy - Department of Fire and Emergency Services Superintendent (Pilbara Region) will be attending the council meeting to conduct a presentation and answer any questions regarding the MOU.

In identifying a possible shortfall in dedicated bush fire firefighting capability in the environs of the town of Newman, the Department of Fire and Emergency Services (DFES) will investigate enhancing the bush fire firefighting capabilities of the current Newman Volunteer Fire and Rescue Service (VFRS). Enhancements may include the permanent allocation of a bush fire firefighting specific appliance (current appliance is on a term loan to the brigade) and additions to the current brigade building to house the vehicle. A business case will be developed seeking DFES Commissioner support and funding to support this initiative. In consultation with the Newman VFRS, a proposal to encourage members of the public to join, train and respond as "*bush fire only*" firefighters will be developed. It is hoped that this approach will encourage increased rates of participation as the level of training is less than that required for structural firefighting and rescue operations. The effectiveness of this concept will be monitored and assessed over a period of time. Should it be shown to be not effective or another trigger due population increase then there may be sufficient support for a standalone BFB which the shire can exercise its rights under the Bush Fire Act 1954 to establish such a brigade.

MOU Objectives

Relationships between DFES and the signatory LG's have been positive and supportive of objective a), with all firefighting capability for both signatory LG's operating effectively under DFES control.

It is considered premature to comment on objective b) at this early stage of the trial.

Legislative Responsibilities

DFES staff members have been appointed as the Chief Bush Fire Control Officer (CBFCO) for CoK and SoE, with the LG's gazetting a Deputy Chief Bush Fire Control Officer (DCBFCO) and FCO's to supplement these appointments and carry out other tasks required of LG's under legislation.

DFES control of incidents within signatory LG's that have occurred since the enactment of the MOU with other Council's has been effective.

A tiered response model has been implemented with local brigades (both BFB and VFRS) being mobilised if a response is required within predetermined boundaries. When required, the DFES CBFCO assumes the Incident Controller role in the first

instance, with a Section 13 BF Act - Transfer of Control being enacted when other suitably qualified DFES staff are required to take over this position.

Utilisation of LG DCBFCO, FCO and LG Rangers for remote observation and monitoring has been utilised to supplement the DFES Regional Duty Coordinator intelligence gathering and situational awareness role for fires considered outside of the immediate response area for local brigades.

Acknowledgements and Undertakings by the LG

All conditions under this clause are considered to be in place and mutually understood. There have been no reported issues and the DFES CBFCO's and their LG stakeholders are liaising on a regular basis to ensure compliance.

DFES has assisted in a review of the Bush Fire Local Laws and Bush Fire Brigade Rules for the SoE and provided assistance and input to LG Fire Management Plans and other preventative measures for all LG's in the region.

Of note is the involvement of both DFES CBFCO's in the current LGGS preparation to ensure requirements at brigade level to support the MOU outcomes are reflected in this year's submission.

Acknowledgements and Undertakings by the DFES

All conditions under this clause are considered to be in place and mutually understood. As previously documented, DFES CBFCO's have been appointed for both signatory LG's and all DFES staff that would be expected to control a LG fire have the appropriate Incident Management training and currency. These staff are also endorsed as Bush Fire Liaison Officers under the BF Act 1954.

Administration and management of BFB's by DFES is in place, with fiscal and procedural accountability of high importance. Budgets and LGGS expenditure is managed by DFES and coordinated with the LG's; this has removed a significant administrative burden from the LG's, allowing its officers to concentrate on other priorities.

Training of BFB members has benefited greatly from the MOU arrangements as DFES has been able to provide expanded exposure to training courses to not only members of signatory LG brigades but to BFB members across the region.

The formation of the Nickol Bay BFB in the CofK has required a substantial effort in training of new members and the Exmouth BFB is being developed from an LG employee only membership to a volunteer arrangement, also requiring a substantial training commitment.

To improve understanding of the context in which DFES and LG's will be operating and enhance the tiered response and IM requirements under the MOU, a number of Fire Control Officer courses have been provided. Participants have been from DFES and LG staff and volunteers who will hold DBFCO and FCO roles under the MOU arrangements. This training has been extended to non-signatory LG's and Industry employees who are gazetted FCO's to provide a regional perspective of the MOU and enhance their understanding of the role.

Response and mobilisation plans for the brigades of both signatory LG's have been developed and entered into DFES FCAD with notification and group call arrangements also being implemented. To date, apart for some minor issues, these arrangements are working as proposed.

Duration and Amendment

To date there have been no issues identified that would require the duration or content of the MOU to be altered.

Dispute Resolution and Termination

There has been no need for any dispute resolution so far apart from some minor change management acceptance issues with a small number of brigade members. These have addressed through inclusion, consultation and application of agreed remedial actions. In general the acceptance of DFES management by BFB members and LG staff has been very positive.

Disadvantages

- The revised arrangements will see a DFES Officer appointed as the CBFCO and the DCBFCO will be the Manager Community Safety. At times there may be a lack of understanding of Local Government operational procedures.

Advantages

- The Shire will transfer a significant amount of risk for bushfires as the CBFCO will be a DFES Officer.
- Potential to permanently secure additional dedicated Bush Fire Fighting capabilities for the town of Newman
- One agency will be responsible for the fire from start to finish.
- Shire of East Pilbara Community Safety employees will no longer receive calls from DFES Communications Centre after hours. Incident related communication will be to the local brigade in the first instance then the DFES Regional Duty Coordinator (24/7) and information will be relayed between DFES and DCBFCO (Manager Community Safety) as required.
- If operational issues arise, either party can withdraw from the agreement upon written notice.
- Shire of Exmouth and City of Karratha have participated in the same MOU over the last 18 months, enabling both Local Government and DFES to effectively deal with any issues that have arisen.

The Shire of East Pilbara is an a remote area. Resources and personnel can take many hours to arrive to Newman, Nullagine, Marble Bar and surrounding populated areas. By allocating the responsibility of Bush Fires to the Department Fire and Emergency Services, the relevant resources and personnel can be arranged to

attend a specific location within the Shire of East Pilbara more effectively and efficiently, thus decreasing the risk of damage to infrastructure and most importantly, loss of life.

The Shire of East Pilbara seeks to deliver high quality corporate governance and demonstrate accountability to its constituents. All decisions are informed by community engagement – leading to the effective allocation of the Shire's Resources – that deliver optimum benefits to the community.

1.1 Efficient and effective Local Government

1.3 Engaged Community

RISK MANAGEMENT CONSIDERATIONS

Management of Risk in relation to Bush Fires will be controlled by both DFES and the Shire of East Pilbara.

Levels of Risk will be decreased for Shire of East Pilbara Employees and Volunteers as there will be a reduced need for Local Government Staff to attend or monitor incidents. There will also be access to DFES regional and state resources to combat Bush Fires and thus decreasing risk to personnel.

FINANCIAL IMPLICATIONS

A reduction in additional Bushfire Resource costs to the Shire of East Pilbara as all Bushfires will automatically be the responsibility of the Department of Fire and Emergency Services.

A reduction in staff income. This will be offset by reduction in staff time for the control and administration of the Emergency Services Levy.

ADDENDUM– ORDINARY MEETING OF COUNCIL – 13TH APRIL 2018

Additional Information:

Subsequent to circulation of the Agenda for this meeting, some additional information is provided to assist in the process of making an informed decision.

The areas being considered are as per the attached table:

Lease Area	Nature	Tenant in New Agreement	Area (m²)
Lease Area 17 & 18	Depot Yard	Hertz	2149m ²
Lease Area 31	Car Rental Kiosk	Hertz	9m ²
Lease Area 37	Car Bay	Hertz	136m ²

The current licenses expired in 30/4/2015 for Hertz kiosk; 30/4/2017 for the Hertz car bays and the Hertz Depot Yards will expire on 30/04/21 with 2 x 5year Options (effectively 2031).

The expired licenses have been operating on a month by month holdover clause and have been kept in place while we reviewed all our airport licenses and lease arrangements. This included preparing separate reports on Legal Review of our leases and licenses and shire rights under these agreements. A Business Review of our Airport Commercial Strategy and a Carpark Review which, focused on the commercial aspects of the airport carpark.

The airport has continued with holdover clause to also seek opportunities in timing to simplify and align the agreements. Hertz have asked the shire to put all their agreements into one agreement. Instead of paying 3 fees at different times to the shire, they will only need to pay one with the amalgamated agreements which will also be more consistent and simplified.

Map and drawing attachments have been included to show the location of the proposed lease sites at the Newman Airport:

REPORT PURPOSE

To seek Council approval to apply the common seal of the Shire of East Pilbara (the Shire) to an Agreement between the Shire and Hertz Australia.

BACKGROUND

Newman Airport is owned and operated by the Shire of East Pilbara (the Shire) and serves as a vital link between the community of Newman and surrounding communities to Perth.

The Shire of East Pilbara (SoEP) is committed to providing efficient and effective services that represents “value for money” to its residents/community.

Effective 1 May 2011 the Shire entered into a lease agreement with Hertz to Lease a compound to the tenant to be used for storing vehicles. This agreement is available for renewal on 30 April 2021.

Effective 1 May 2014 the Shire agreed to the licensing of ten car bays in the Short Term Car Park, to be used as ready bays for car rental clients. Also effective this date a second License agreement was agreed upon that covered the rental of a small car rental kiosk, mainly used to issue vehicle keys to rental clients.

On 16 January 2015 an Umbrella Agreement was signed , as detailed in the confidential attachment.

The above resulted in four separate agreements. The kiosk and car bay agreements have come to an end and the tenant has been operating on Newman Airport via the “Hold-over” clauses.

Subsequently the tenant has approached the Shire with a proposal to enter into a new agreement so as to secure tenure and certainty for their business.

COMMENTS/OPTIONS/DISCUSSIONS

Considering the detail and comments as contained in the confidential attachment it is recommended that Council agree to the terms put forward in the terms and conditions described in the confidential attachment.

Section 3.58 (Disposal of Property) of the Local Government Act 1995 notes that prior to disposal of property a local government must invite submissions from the community regarding the matter after providing certain information. Council has to consider submissions, and decide on whether to go ahead or not.

It is recommended that Council authorise the CEO to make the notifications required by Section 3.58 of the Local Government Act 1995. Should no submissions be received the CEO should be given the delegation to enter into an agreement (as per

the terms discussed in the Confidential Attachment) and apply the Common Seal to the resultant Agreement.

Should submissions be received those will have to be tabled at the next Council meeting.

In addition, the Shire of East Pilbara is in possession of a management order on the Airport Land. One of the requirements of that management order is that the Minister of Lands must approve Leases on the premises. This result in a separate procedure that must be followed aimed at securing approval from the relevant authorities to proceed with the Lease.

ADDENDUM – ORDINARY MEETING OF COUNCIL – 13th APRIL 2018

Additional Information:

Subsequent to circulation of the Agenda for this meeting, some additional information is provided to assist in the process of making an informed decision. The areas being considered are as per the attached table:

Lease Area Nature Tenant in New Agreement Area (m2)

Lease Area 33 Car Rental Kiosk Budget 48m2

Lease Area 41 Car Bay Budget 152m2

The current licenses expired on 1/01/2015 for the Budget kiosk and car bays. The expired licenses have been operating on a month by month holdover clause and have been kept in place while we reviewed all our airport licenses and lease arrangements. This included preparing separate reports on Legal Review of our leases and licenses and shire rights under these agreements. A Business Review of our Airport Commercial Strategy and a Carpark Review which, focused on the commercial aspects of the airport carparks.

The airport has continued with holdover clause to also seek opportunities in timing to simplify and align the agreements. Budget have asked the shire to put all their agreements into one agreement. Instead of paying 3 fees at different times to the shire, they will to pay two with the amalgamated agreements which will also be more consistent and simplified. They have decided to keep the Depot Yard agreement which is still current, separate from the other agreements

Map and drawing attachments have been included to show the location of the proposed lease sites at the Newman Airport:

REPORT PURPOSE

To seek Council approval to apply the common seal of the Shire of East Pilbara (the Shire) to an Agreement between the Shire and Chalkwest Pty Ltd (operating as Budget Car and Truck Rental) at Newman Airport.

BACKGROUND

Newman Airport is owned and operated by the Shire of East Pilbara (the Shire) and serves as a vital link between the community of Newman and surrounding communities to Perth.

The Shire of East Pilbara (SoEP) is committed to providing efficient and effective services that represents “value for money” to its residents/community.

Effective 1 January 2012 the Shire agreed to two License agreements with Chalkwest Pty Ltd (operating as Budget Car and Truck Rental). The first License agreement covered the rental of ten car bays in the Short Term Car Park, to be used as ready bays for car rental clients. The second License agreement covered the rental of a car rental kiosk, mainly used to issue vehicle keys to rental clients. Chalkwest also rents a yard used for a workshop facility at the airport which is not subject to this review.

These two (car bays and Kiosk) agreements have come to an end and the tenant has been operating on Newman Airport via the “Hold-over” clauses.

Subsequently the tenant has approached the Shire with a proposal to enter into a new agreement so as to secure tenure and certainty for their business.

The tenant has provided a submission and has requested that it be considered when the matter is discussed by Council. The submission is attached.

COMMENTS/OPTIONS/DISCUSSIONS

Considering the detail and comments as contained in the confidential attachment it is recommended that Council authorise the CEO to enter into a new agreement on the terms and conditions described in the confidential attachment.

ADDENDUM – ORDINARY MEETING OF COUNCIL – 13th APRIL 2018

Additional Information:

Subsequent to circulation of the Agenda for this meeting, some additional background information is provided to show the main housing infrastructure that the tenderer would supply if successful.

This information is not confidential.

Please find **attached** drawings of proposed housing for Cape Keraudren Park Ranger.

REPORT PURPOSE

For Council to consider Tender submissions for RFT 09-2017/18 Supply and Install New Residence at Cape Keraudren and authorise the CEO to apply the common seal of the Shire of East Pilbara to the contract of the successful tenderer.

BACKGROUND

The purpose of this Request for Tender (RFT) was to seek the services of a suitably qualified and experienced registered Company or Contractor to undertake the design, construction and installation of a suitable 3 bedroom, 1 bathroom residence and associated services at Cape Keraudren as specified below.

A new purpose built residence was required at Cape Keraudren to accommodate a ranger with family on site. The existing structure is being used as a combined office and temporary single ranger residence and is not suitable for full time accommodation or a family residence.

This project consists of the design, construction and delivery of a 3 bedroom, 1 bathroom residence including a free-standing double carport and lockable store rooms that will complement the surrounding Cape Keraudren area incorporating the appropriate Region D Classification with Terrain Category 1.

The Tender was advertised in the West Australian newspaper, Tenderlink and the Shire of East Pilbara website on the 5th February 2018. Submissions closed on the 13th March 2018.

Four Conforming tender submissions were received from three separate Tenderers. One tender submission received was not accepted for assessment.

The weighting on the Qualitative Criteria used to assess the tender submissions is as follows:

No.	Criteria	Weighting
1	Relevant Experience	20%
2	Skills and Experience of Key Personnel	10%
3	Methodology	10%
4	Demonstrated Understanding	20%
5	Price Consideration	40%

COMMENTS/OPTIONS/DISCUSSIONS

Refer to the attached Confidential Recommendation Report for discussions and resolved issues.

A detailed tender analysis and panel evaluation can be viewed in the attachment “Confidential Recommendation Report” that is subject to business non-disclosure as it contains confidential financial information

The Shire will arrange and carry out the required earthworks and will obtain any other associated approvals.

12 CONFIDENTIAL MATTERS BEHIND CLOSED DOORS

13 GENERAL BUSINESS

13.1 GENERAL BUSINESS

Cr Biddy said she believe it is not beneficial to delete "General Business" from our monthly Council meeting.

Response: General business is currently listed as an item within the order of business in accordance with the Shire of East Pilbara Standing Orders 2010; therefore it will continue to be included.

13.2 SHIRE HOUSE – NULLAGINE

Cr Biddy asked a shire worker (Anni Kennedy) who has recently of late moved into a shire house at no#19 Clemensen Street, Nullagine. All three bedrooms have had water ingress-carpet tiles are rotten. On removal it was found the wooden floors were rotten. Anni is currently living in the lounge/kitchen area could this situation be rectified urgently.

Response: The CEO and Director Technical and Development Services have inspected the house, some minor works to the floor need to be undertaken and these are being progressed. The employee living in the house is happy with the current arrangement and works that will be progressed.

13.3 TRIANGLE PARK

Cr Biddy Schill asked the Triangle Park between Cook Street and Walker Street. Shire of East Pilbara should not allow inappropriate signs to be erected in town by the publican. This sign distracting the motorists especially travellers as it is on a junction.

Response: This matter has previously been raised and officers have been working with the sign owner to seek resolution. It is confirmed that the sign was erected in shire controlled road reserve without permission and a letter has been for the sign to be removed by the end of April 2018.

Officers have been providing advice to the sign owner on how to obtain suitable tourist signage to be placed further out of town and assisting with liaising with MRWA. The sign owner has also be advised that he can lodge an

application for a retrospective planning approval which would be assessed against planning requirements.

The existing sign has also been assessed as to the level of hazard to the travelling public and the risk is deemed low.

13.4 SKULLS SPRING ROAD – 5 MILE CROSSING

Cr Biddy Schill said the Skulls Spring Road – 5 Mile Crossing, has the shire made it clear to Millennium Mining.

1. The standard of crossing needed.
2. Single or dual lanes (preferably two)
3. Traffic counter to gauge use – eg Road trains 3-4 trailers, work utes etc. The renewing must be made as you will see in the photo Cr Biddy Schill will supply to the meeting.

Response: Shire officers have been in discussion in regards to permanent repairs with temporary repairs undertaken until works can be scheduled at a suitable time of year. Due to the nature of the degradation of the existing concrete crossing it was covered in gravel as a temporary solution. Millennium are aware of the conditional road use endorsement which includes maintaining and replacing the 5 mile crossing which will be budgeted for in the FY18/19 by Millennium. They advise that they expect to schedule these works before the end of December 2018.

1. The standard of crossing needed.

It will be to Main Roads WA Specifications and RAV 10 AMMS traffic loading and will be a minimum of 5 metres wide.

2. Single or dual lanes (preferably two)

Single lane as dual lanes are generally only provided on state highways or major sealed roads

3. Traffic counter to gauge use – eg Road trains 3-4 trailers, work utes etc.

Difficult to install due to unsealed surface under constant grading/water cart coverage. Will investigate physically monitoring to get an understating of actual traffic and compliance of road use permit

13.5 DUST /FILTER MASK SUPPLIED FOR SHIRE WORKERS

Cr Michael Kitchin asks that appropriate masks/filters be provided for the rubbish truck operators in both Marble Bar and Nullagine. Despite the fact that lids are opened when the bins are rotated into the loading bay at the rear of the rubbish truck, the operator has to locate at the rear L/H side to operate the hydraulic controls. In half of the worked streets the prevailing wind blows dust and vapours over the operator. From the point of OH&S this procedure

allows a prime source of infection. Certainly the Nullagine operator has complained of sore throat/nose.

It is understandable that compliance training may be required for suitable masks/filters, under Pilbara conditions.

Response: This matter has been investigated and the following information is provided:

- From an operational and OH&S perspective staff have the appropriate PPE available and in this case being standard face masks, safety glasses and gloves as well as the usual clothing and boots etc. We are not aware of any evidence to support the statement that this is a “prime source of infection”.
- The wearing of masks is not mandatory as there is insufficient research or evidence to support this activity as a high risk that would require the wearing of subject masks. This has also been confirmed by the Shire’s Environmental Health Manager.
- It is normal practice in most if not all shires to not wear masks.
- The shire has no records of health related incident due to this work activity and there have been no formal complaints from staff. The shire has been doing the kerbside pickups in Marble Bar and Nullagine for many, many years.
- The Nullagine operator did not complain of a sore throat, or a sore throat due to carrying out the kerbside collection.

13.6 VOLUNTEER BUSH FIRE BRIGADE

Cr Michael Kitchin said the Marble Bar, Chief Volunteer Bush Fire Brigade has been sick and absent for a considerable time; prior to his travel to Perth for treatment he had mentioned the team were down to himself and one other operator. Are we covered for a fire occurrence in Marble Bar

Response: Mr Brent Stein, Manager Community Safety has replied the Department of Fire and Emergency Services were made aware in December 2017, of the absence of the Marble Bar VFES Brigade Captain due to illness. The Captain, Bob Claydon had been out of town for over 3 months. Concerns regarding the matter were also raised by Marble Bar LEMC Committee Members at recent meetings. Contingencies regarding bushfires in the area during this period were to provide DFES/Shire of East Pilbara Personnel from surrounding areas to deal with incidents if and when they occurred. Access to the Marble Bar VFES resources was available if they were required.

Due to the urgent nature of the matter, the DFES District Officer - Diarmuid Kinsella attended Marble Bar on 22nd March 2018 and had a meeting with community members that showed expressions of interest in joining the brigade. 7 members of the public have tentatively joined the Marble Bar VFES

and will be adequately trained by DFES over the coming months. The interim Brigade Captain will be Rodney Bruce.

13.7 NEWMAN HOSPITAL

Cr Michael Kitchin asked are we still in a bind re the rebuilding /replacement of the Newman Hospital. This is a parlous state for a town of some 4,600 personnel. May a committee inclusive of residents, health operatives, health professionals, local constabulary perhaps chaired by our CEO or his delegate, be formed as an advocacy source to try and get some action by the Govt. Onslow with a population of 800, had an extremely active hospital committee, that with LNG Companies assistance, secured a \$51M hospital back in 2015, with broad parameters of top notch medical services, way ahead of those services available here in Newman.

Response: The Shire President and CEO recently met with the Principal Policy Advisor for the Minister for Health and it was advised that scoping for the design is underway and the project is on track.

13.8 IMPROVE OVERALL COUNCIL OPERATIONAL EFFICIENCY

Cr Michael Kitchin would like to present/discuss with the CEO some suggestions for improving the information flows to Councillors which would improve overall Council operation efficiency.

Response: The CEO is happy to meet with individual Councillors to discuss these matters.

13.9 LIGHTING AT THE BASKETBALL AREA

Cr Anthony Middleton has asked to discuss the lighting at the basketball court near the skate park.

Response: The existing court near the Newman skatepark is a half court basketball court with a solar powered light that is about 8w when dormant and brightens to 30w when movement is detected. The light is for general lighting of the area and is not suitable for night time competition or training use.

This light has been there for many years and I am not aware of any requests to upgrade this lighting and hence no funding has been allocated for a lighting upgrade at this location in the 2017/18 budget.

It is suggested that if sufficient parties wish to request an upgrade of existing lighting to a training standard that, they submit request with justification and or a petition or list of all interested parties. This could also advise if they have sought other external funding or in kind assistance for the project. Other noted support would raise the priority of the project when assessed and against other competing projects.

13.10 TENDER FOR INSURANCE TO OBTAIN COMPETITIVE MARKET

Cr Michael Kitchin tabled questions for consideration as below

Tender for Insurance to Obtain Competitive Market

Background

1. The Council Insurer LGIS.
2. How long has the LGIS been SoEP insurer?
3. When did SoEP last tender for its insurance cover?
4. What is the cost of the current insurance cover?
5. Does the CEO believe that going to tender has the potential to save SoEP residents and ratepayer's money?

Rationale

1. It is consistent with good procurement practices to ensure that expenditure by SoEP is regularly checked to ensure competitive pricing.
2. I have been advised that most Councils who went to tender last year remained with LGIS but received a significant reduction of the order of 30-40% on their premiums for like for like insurance cover.
3. Going to tender has the potential for significant savings to SoEP residents and ratepayers.
4. Contact: jlyon@cambridge.wa.gov.au

Risk Advisory Services provide corporate insurance services.

40 of the top 200 ASX listed companies – with previous experience they have streamlined the process and the information required from Councils is that the process of going to tender involves little more than the provision of the risk report prepared by JLT, provided to your Council each year and the population of a proforma document which requires similar information to that of your annual renewal. From a resourcing point of view this process requires less than one days work for an individual.

RAS have agreed to reduce that cost of their tender service to \$10,000 for each Council. The likely cost of an alternate insurance tender service provider to run a similar tender process is \$2,500. LGIS scheme uses JLT as a fund manager and broker, given the potential for conflict, it is a matter for good governance to go to tender on this service. Most Councils who went to tender last year remained with LGIS and received 90% of like for like.

The Chief Executive Officer to take on notice.

13.11 INDUSTRY LAND AVAILABLE IN MARBLE BAR

Cr Michael Kitchin asked if the Shire has industry blocks of land as there in none available in Marble Bar.

Director Technical and Development Services to follow up.

13.12 NEIGHBOURHOOD WATCH

Cr Gerry Parsons asked if Council had received an update on what is happening with the neighbourhood watch program previously discussed.

Director Technical and Development Services to follow up with the Community Safety department.

13.13 TOURISM

Cr Lang Coppin commented he visited the Caravan Camping Expo in Perth and the display regarding the Pilbara, especially the East Pilbara was very limited. Can Council revisit expenditure on tourism promotion.

Deputy Chief Executive Officer to follow up.

13.14 OHS INCIDENT STATISTICS

Cr Anthony Middleton was concerned about the figures in the April 2018 Information bulletin on loss time injuries, and asked if this can be investigated.
