REPORT PURPOSE

For Council to allocate \$15,000 (Silver Sponsorship) in budget review for the 2019 Karijini Experience.

BACKGROUND

In 2018, the Shire of East Pilbara was a bronze level sponsor for the Karijini Experience, donating \$7,500.

The Karijini Experience provides a diverse and inclusive program of authentic, high quality arts and cultural experiences designed to connect people to the breath-taking landscape of Karijini National Park.

This year, Council has been asked to sponsor the event for \$15,000. As a Silver Sponsor, Council will receive:

- Named as a Silver Sponsor of the 2019 Karijini Experience.
- Two complimentary tickets to the Opening Ceremony, Culinary Experience, Cultural Centrepiece and Concert Event.
- An opportunity to purchase additional tickets pre-release.
- Tertiary logo positioning on marketing and promotional material.
- Tertiary placement of café barriers displaying logo at the Experience.
- Extensive media coverage.
- Opportunity to discuss with Karijini Experience other options that will maximise the benefit that your organisation receives from its support of this event.

- Inclusion of information on your organisation within VIP bags which will be given to all sponsors, media, politicians and other stakeholders in attendance at the event.
- An invitation to sponsor the event in 2020.

COMMENTS/OPTIONS/DISCUSSIONS

A copy of the 2019 Karijini Experience Sponsorship package is attached for Council's reference (***Appendix 1 refers***).

Council has been asked to sponsor the event for \$15,000 (Silver Sponsorship), but can choose a different level of sponsorship or no sponsorship if it chooses:

1. Platinum sponsor - \$50,000
2. Gold sponsor - \$30,000
3. Silver sponsor - \$15,000
4. Bronze sponsor - \$7,500

Although Karijini National Park is not directly located in the Shire of East Pilbara, it is an important Tourism and economy booster for the Pilbara. In 2019 the event is expected to attract 900 local visitors and over 1,000 international visitors. Some of which will travel to Newman for supplies/accommodation and may even explore the wider East Pilbara region at the same time.

Of most relevance for the Shire of East Pilbara is that the Nintirri Centre has allocated over \$32,000 in marketing and PR for the inland Pilbara. Their inland Pilbara marketing approach targets Pilbara local audiences and destination discoverers. Combined with a Facebook following of nearly 6000 and an Instagram following of over 1000, there is a significant investment opportunity for the Shire of East Pilbara.

The Karijini Experience provides a diverse and inclusive program of authentic, high quality arts and cultural experiences designed to connect people to the breath-taking landscape of Karijini National Park.

Reflecting its guiding principles of environment, enrichment, rejuvenation and learning, the program features renowned artists, high quality emerging performers and grass roots experiences with local Traditional Owners.

Although rated as Western Australia's second most iconic destination, Karijini National Park lacks the same level of recognition as the Kimberley, Uluru, the Great Barrier Reef and Blue Mountains. And yet, it is the second largest National Park in WA and offers visitors some of the most spectacular sights and experiences that can be found within the Pilbara and indeed all of Australia. It is considered to be one of Australia's best-kept secrets.

Research suggests that events like The Karijini Experience are "...a great anchor for attracting tourism. While the destination is always available, having a time-limited event encourages visitors to take advantage of this opportunity and visit the place during the event." Avraham, E. and Ketter, E. (2011) *The Role of Cultural Events in the Tourism Industry*, Routledge. ISBN-10: 0750694526.

In addition it is underpinned by local need, which is amply demonstrated by the overwhelming support for the event in local attendance and the extraordinary commitment by the volunteers and in-kind contributors from the Inland Pilbara communities.

This significant increase in attendance numbers each year since its inception indicates that the Karijini Experience draws more people to the region which in turn has a positive economic impact on the Inland Pilbara.

We are committed to measuring environmental, cultural, social and economic success that we believe is activated by The Karijini Experience.

BACKGROUND

The Karijini Experience began in 2013 with the inaugural Karijini Dinner experience that was created by a small team that wanted to activate the Karijini National Park.

In the subsequent years it has grown from a culinary event under the stars attended by 75 people to a thriving annual multi-arts event with a focus on celebrating local Aboriginal culture.

In 2018, it attracted 1640 visitors, featured 180 artists, headlined 52 individual events, representing 13 Aboriginal language groups and was supported by 41 partners and sponsors.

In 2016 The Nintinri Centre Inc. assumed overall event management responsibility. The aim was to ensure the long-term sustainability of what is fast becoming a major regional event. The Nintinri Centre Inc. is a locally based not-for-profit employing 90 staff across six key service areas, all working towards its vision of enriched lives, thriving communities.

What sets the Karijini Experience apart from other regional events and festivals is its unique setting and strong sense of place, combined with a growing recognition for the authenticity of its Aboriginal cultural content. The fact that it has increased from 75 to 1640 visitors since 2013 is as remarkable as the strength and commitment of its volunteer base.

TARGET MARKET

Tourism Research Australia has found that Australians are more likely to travel to events within their own state and that, on average, those who made overnight trips to do so stay an average of just over five nights away from home and three nights in the region where the event was held.

Most travelled to these events using their own transport (76%). Tourism Research Australia (2014), Events: Drivers of Regional Tourism (Summary), Australian Government: Austrade

Tourism WA and Australia's North West Tourism currently divide the domestic market into four segments - Aspirational Achievers, Dedicated Discoverers, Grey Explorers and Family Connectors. The first two segments are most desirable as they provide the greatest economic returns (per person) into a region.

The Karijini Experience targets Dedicated Discoverers (including those with children). This segment has the following characteristics:

- High income earners, socially active and looking for something new and different.
- Travel to learn, do new things and better themselves.
- Enjoy being the first in their peer group to travel somewhere.
- Typically, working 35-65 year olds, with a household income of \$100,000+.
- Want to relax and rejuvenate, experience, be excited, adventurous, educated, immersed, awed and feel privileged.

One important aspect of the main target market for the Karijini Experience (Dedicated Discoverers) is its capacity to be self sufficient in their accommodation and travel - that is they either have their own 4WD, camper trailer or caravan or are happy to hire one.

Other markets include accidental visitors persuaded to stay because of the Karijini Experience (who may or may not be Dedicated Discoverers), local audience and members of the various local Aboriginal communities.

Local Audience (surrounding Pilbara towns)	Cultural opportunities close to home	Good quality cultural program that provides opportunity to engage with Park and friends
	Can be done with children in tow	Family friendly program
	Something different to what is offered in town	Arts and cultural enjoyment not enjoyed since leaving the city

	Engaging with Traditional Owners	Opportunity to connect with Traditional Owners
	Engaging with community	Capacity building opportunities for employees/members
	Partnering with local organisations	Networking opportunities
	Aligning brand with similar values	An event that expresses shared values

Since the event's inception, there has been a reliance on the local audience (Tom Price and surrounds), however, as its reputation and stature has grown, there has been an increase in the numbers of intrastate and interstate visitors.

Since 2017 the number of non-local intrastate visitors, outweighed the visitors from the local area which indicates that this is now a regional event that attracts an audience from outside of the Pilbara.

The following table highlights the historic (2013-2018) and projected (2019) audience split. The event is working towards a 35/65 ratio of local and other audience by 2019.

FORECAST VISITOR NUMBERS

YEAR	2013	2014	2015	2016	2017	2018	2019
Number of unique points of engagement (attendance at individual events or workshops)	75	522	936	2,604	2,929	4,202	5,400
Estimate of actual total visitors	75	150	300	744	1,235	1,640	2,057
Local audience (Tom Price, Paraburdoo, Newman)	75	104	184	425	530	677	700
OTHER AUDIENCE:							
Intrastate (WA)	0	45	78	245	601	472	1,152
Interstate	0	1	33	67	94	123	247
International	0	0	5	7	10	49	60

2013-2018 are actuals. The above projections are based on an estimated average of 3.5 points of engagement per visitor. Attendances per point of engagement and overall visitors have doubled in the first four years. From 2016 onwards the visitor growth rate is conservatively projected to continue at an overall average 50% growth based on the shorter duration of the festival (from an 8 to a 6-day event) and the capped overall capacity for accommodation in the Park (restricted by Department of Parks & Wildlife). Even with all potential extra overflow areas being deployed in 2017-2019, the total visitor numbers would still be limited to an estimated 2,000. By promoting events in surrounding towns under the umbrella of the KE, growth beyond the limits of the Park's accommodation can be stimulated, thus extending the reach/impact of the event and helping to grow the reputation of the Park. The projection for 2019 is based on an estimated average 2.6 points of engagement per visitor.

TIMING

The Karijini Experience is tasked with attracting people to the region earlier in the season and as such coincides with the first week of the WA April school holidays.

The climate in April is perfect for enjoying the Inland Pilbara, with a mean maximum temperature of 31.6 and minimum of 17.6 degrees Celsius. This means it is still warm enough to enjoy swimming in the gorges by day, but cools down to a pleasant temperature in the evening without the cold conditions that occur in the National Park during winter.

Having the Karijini Experience in April also provides opportunity for travellers to continue onto other established events in the Pilbara (for example the neighbouring Millstream (Shire of Ashburton) and Murrumbidgee (City of Karratha) National Parks, the Mackeral Islands in Onslow, the historic ghost town of Cossack and the biggest inland town of the Pilbara, Newman (Shire of East Pilbara) which is located in the Ophthalmia Ranges.

In 2019 the program will continue to run across 6 days from the 16 - 21 April, which coincides with the Easter holidays. In 2020, the date set is for 14-19 April.

MARKETING AND COMMUNICATION

Despite a very modest marketing budget, the Karijini Experience has experienced rapid growth. It is delivering on its aims of promoting the region's outstanding cultural and environmental assets and building the capacity that will allow it to capitalise on its tourism potential.

This has been achieved with:

The appointment of public relations company, Newton and Garske, who have dramatically increased our reach across Australia by:

- Featuring a story in WAtoday that provided us with penetration into the eastern States markets through The Melbourne Age, Sydney Morning Herald, Canberra Times and Brisbane Times. WAtoday has a potential audience of 541,000 and the national links gave us access to an audience of nearly 10 million.
- Featuring a piece in the Financial Review, with a readership of 163,000, which fit perfectly with our target market and an article in the Qantas Spirit magazine with exposure to 1 million passengers they carry each month.

Didgeridoo delight at Karijini Experience

Journal Credit: Shire of East Pilbara

Australian Aboriginal storyteller, songwriter, composer, pianist and musician Mark Atkins will return to the 2018 Karijini Experience to delight audiences with his prowess on the didgeridoo.

The six-day experience, held from April 13-19, invites visitors to immerse themselves in the spiritual nature of Karijini and enjoy a packed schedule of cultural, culinary and family events.

Atkins has spent the past 10 years travelling overseas as a musician, sharing stories about country, land, and his people through music.

He picked up the didgeridoo at age 15, but didn't think too much of it. "In my earlier days, I was a rock'n'roll drummer," he said.

"I learned so much... it was a journey."

"It wasn't until my late 30s when I picked up the didgeridoo again with an uncle who taught me."

"I left it for a couple of years and came back to it again."

Atkins took out top spot at the 1998 Victorian Didgeridoo competition and has worked with Robert Plant and Jimmy Page of Led Zeppelin, among others.

He said his musical career had opened up a whole new world and provided him with opportunities to meet inspiring people.

"I've done a big turnaround in my life and have come back to write about what I want to do," he said.

Atkins said the Karijini Experience was more than just going out and performing.

"It's the coming together of all these people who are like-minded," he said.

"I played there last year, I loved it."

"I love that part of the country and the inspiration I draw from it."

"I'm going back with my nephew... he's going to play with me as well."

"I look forward to catching up with some mates and some old mates."

The Karijini experience, now in its sixth year, has continued to be a tourism drawcard for the Pilbara, combining the growing recognition of the authenticity of its Aboriginal cultural content and a sense of community.

During 2018, at this year's event are a number of headline music acts including singer-songwriters William and Arthur Rouse.

Highlights of the festival include masters' workshops and artists-in-residence, the Karijini Kids' Zone, group walks and bush culture walks, Aboriginal chef and television celebrity Mick O'Leary, and culinary expert Paul Lillie.

Last year's event attracted 1275 visitors and featured 90 artists.

For tickets, visit the Karijini Experience website and visitors can register for free events.

"All language groups in the PIRSA states that we are also used to that. That's why we come to events like this. We're discussing ourselves, whether we're talking in our language, dancing, or standing with rangers talking about bush medicine."

In the most emotional moment of the night, Mr. Parker said it was important to find people committed to the forefront. "We never want to lose our commitment to the program," he said. "We need to make sure we [the people] are being heard. We want to get people to respect countries not only here at the Kansas Experiment but when they visit us at the park. They also then look after country, respect it, and engage with it."

Recent trend executive opinion surveys and the partnership between Hooters and traditional Indian restaurants had resulted in a strong growth for 2015.

He said the strain for the Earliest Experience had always been central in showcasing the cultural beauty of country and connecting visitors to the Plains.

"The department is the art, culture, and tourism together," he said.

"It's about living lightly on the land, being sustainable, living consciously and creating something new with a love for the outdoors."

¹ We begin about trying to leverage and identify good content that mothers want to create and use.

part of the event.

Mr. Ake stated he has knowledge of two methods to create magnetic fields, namely, coils with varying electrical loading (heats) and resonance used by him previously.

"Kumon experience has given me the opportunity to bring my ideas up to do the Dream workshop and to do my first teacher workshop," she said.

Event manager Nick Powell praised the array of volunteers and Bangladeshi clubs for making the event possible. He said the Farid Experience was a stepping stone for opening up opportunities for Bengali people and building closer relationships.

Event: FT5A2018 - 2018/2019

Budgets that must be fair, realistic, and accurate

Karim is not an easy destination to get to, but its remote location, tucked away in Taiwan's Alishan's North West Plateau region, sometimes adds to its allure.

Making Lovers work attractive is the aim of North-Exposure, a combination of culture with multi-sensory therapy. In essence, allowing relaxation, health and wellbeing through culture.

It's crowded with growth within the market too

Alpine provides a beautiful backdrop for a host of events - from corporate retreats to family reunions.

The program, which has quickly grown in stature, awards year-end highlights to both year-10 VMA award winners and national youth champions from June 11 to June 22, 2018.

It will take a lot of planning to get to the house in the heart of the 17th Ave. around 1400 southwest from First and 50th kilometers northwest of Oak Brook.

But Hood also notes the pilgrimage to the park, noting about the magical nature of the mix of magic, jazz and folkloric culture.

Tired to take advantage of Pilsen's weather at its best and with the kids on school holidays, there is some camping available in the national park and glamping in the Karlin East Retreat, but spaces are limited.

It's a great opportunity to take in the unrivalled nature of the region and to participate in all sorts of events.

While some of the events are ticketed there are also many free, family friendly activities with workshops focused on art, culture and enrichment.

Figure 3. A (continued)

Food lovers will enjoy the flavors of Paul Shaw and Fafour with less regulation made featuring native ingredients and locally sourced produce. Being with a staff packed with his from Aboriginal land and business nearby, Miss Dine.

The Karim Experiment is packed with music events including guest artist Adele's second album *25* (October 23) with a UK Synonymy Chart no. 1, and a special performance by a beautiful young singer, Giding, at the Karim Zoo, Nairobi and a family-friendly event under the stars.

Singers Archie Roach and Gina Williams will be performing and there will be music workshops.

The cover story of the *Picture* photo provides a good opportunity for *Aspen* (A) who will be celebrating World Amnesty Day to celebrate the new month with individuals doing any issue and anthropologically workshops, focused with cultural issues about the right one.

There will be plenty of Aboriginal culture with a Welcome to Country ceremony and traditional cultural activities and presentations, song, dance and bush culture walks.

A wide range of materials will perform better during a fire.

Aboriginal and non-Aboriginal kids have produced a totally demerged dance piece and there will be a new and exciting collaborative art piece.

A Karger Kids Zone will add another layer to the activities during the day and a Farmers Market will have a wide range of locally Aborigine work for sale.

The Karjiw Experience evolved from a dinner in 2013 with the inaugural Karjiw Dinner Experience hosted by the Private Investment Chamber of Commerce (PICO).

Since then it has grown into a thriving annually recurring multi-arts event with a focus on celebrating local Aboriginal culture.

The present investigation addresses the following research questions:

The filmed event had 1275 visitors to the park, featured 30 artists, answered 30 questions, wrote, translating 15 Aboriginal language groups and was supported by 74 partners and sponsors.

The event is held on the traditional lands of the Starniul people and features the culture and traditions of the Aboriginal language groups who are connected to the water. Visitors

9.4.1 ART AT THE HEART II: KEY CONSIDERATIONS

Responsible Officer: Ms Lisa Clack
Executive Manager Customer & Community Services

Author: Mr Pip Parsonson

Proposed Meeting Date: 14 December 2018

Name of Applicant: N/A

Author Disclosure of Interest: Nil

REPORT PURPOSE

For Council to consider and determine various aspects of Art at the Heart II: 2019/20 – 2022/23.

BACKGROUND

At its meeting in October 2018, Council endorsed the recommendation,

THAT Council allocates budget expenditure of up to \$400,000 for the Art at the Heart II four-year artist in residence program, as follows:

2019/20	\$100,000
2020/21	\$100,000
2021/22	\$100,000
2022/23	<u>\$100,000</u>
TOTAL	<u>\$400,000</u>

Council is now asked to consider and make determination on a number of key aspects of Art at the Heart II. These include,

1. Which East Pilbara towns should benefit from the realisation of the program's public art outcomes over the four year program?
2. Should there be a requirement in the Artists' Brief that an exhibition is held at the conclusion of each residency?

3. Should the potential for partnerships with external organisations be explored, using the Shire's financial commitment as leverage to grow Art at the Heart II over its four year duration?
4. Should there be a consideration in the Artists' Brief that the winning artist in each year works closely with Martumili/Martu artists and/or Nyiyaparli representatives/artists so that the public art outcomes reflect, at least in part, the historical and contemporary Aboriginal cultures of the East Pilbara.
5. What theme(s), if any, should Art at the Heart II be based on?
6. Nomination of up to three Councillors to sit on the selection panel for Art at the Heart II.

COMMENTS/OPTIONS/DISCUSSIONS

With the endorsement of Art at the Heart II being a residency that results in public art outcomes in each of its four years, the question of where the public art is ultimately permanently placed is an important consideration.

Art at the Heart I only resulted in one piece of art suited to permanent public display in an outdoor setting. Hannah Quinlivan (2014) produced *Drawing Breath* which will be installed permanently outside the Marble Bar administration building in 2019.

A quick appraisal comparing public art in Marble Bar, Nullagine and Newman indicates that Marble Bar has very little, Nullagine has none and Newman has a significant amount. If equity as a goal was the sole determinant, then it would be fair to determine that Marble Bar and Nullagine should be the sole beneficiaries of the public art outcomes of the program.

Where other criteria are used such as, number of visitors to the town, number of residents of the town or potential benefits of having a themed narrative concentrated in one town or all towns, then different conclusions can be justified.

The October agenda item spoke of the potential benefits of formally establishing and adding to Newman's arts/sculpture trail as a tourist/economic development initiative.

Council has three options:

1. Endorse the requirement that each town benefits from at least one public art outcome over the four year program. (Recommended)
2. Endorse the requirement that the public art outcomes over each of the four years is concentrated in Newman so as to contribute to the proposed arts/sculpture trail.
3. Do not determine location/town requirements and leave the decision to the winning artist's discretion.
4. Suggest alternative distribution of the public art outcomes.

Art at the Heart I required artists to complete their residency with an exhibition that the public could be invited to visit to enjoy/explore. As the primary legacy of Art at the Heart II is for each winning artist to realise a significant public art piece, it can be

argued that their focus, in addition to the required community engagement deliverables through workshops, should be on producing the public art piece(s). The natural conclusion of the residency is of course the public unveiling of the art piece(s). It can be further argued that the attendees at the unveiling and the participants at the series of workshops that the artist will be required to undertake will result in sufficient community engagement, making the concept of an exhibition unnecessary. It should be noted of course that even if not required, the winning artists may want to prepare an exhibition as part of their residency....

Council has two options:

1. Do not require the artist to prepare an exhibition. (Recommended)
2. Require the artist to prepare an exhibition as part of their contractual obligations.

During a recent consultation with arts industry leaders in WA, it was suggested that the Shire's financial contribution to Art at the Heart II could be used as leverage to seek increased financial resources to the project at any point over its four year duration. A partnership with an external organisation of professional standing may bring with it access to industry expertise, increased financial resources and access to valuable networks which in turn could substantially increase the outcomes of Art at the Heart II.

Council has two options:

1. Investigate establishing partnerships with relevant external organisations. (Recommended)
2. Do not investigate establishing partnerships.

It should be noted that if further partnerships are established, then this would not have any resource implications for the Shire of East Pilbara.

Also raised during the recent discussions with arts industry experts was the view that Art at the Heart II should have a direct relationship with Martumili. The view was offered that an investment the size of Art at the Heart II should endeavour to achieve the most authentic art outcomes relative to the Pilbara as can be achieved. Doing so will ultimately contribute to destination tourism outcomes that will contribute to economic development in our region. It was suggested that this can best be achieved by tying Art at the Heart II to Martumili which has a national and international profile and arguably produces some of the highest quality contemporary Aboriginal art in Australia today.

Tying Art at the Heart II to Martumili is not incongruous with and in no way compromises the subject matter in the endorsed October agenda item that spoke to the outcome of Art at the Heart II contributing to the realisation of the Newman Art and Sculpture trail. Art work produced through Art at the Heart II with a relationship with Martumili can still be public art located in Newman. The nature of any partnership with Martumili to deliver Art at the Heart II needs to be further defined but it is noted that Art at the Heart II will remain a competitive competition open to all Australian artists as described in the endorsed October agenda item.

An initial discussion with the Manager of Martumili resulted in an in-principle agreement to pursue this relationship if it is endorsed by Council.

Council has two options:

1. Endorse the principle that consideration is given to Art at the Heart II having a formal connection to Martumili and its artists through the artists brief. (Recommended)
2. Do not endorse a formal connection between Art at the Heart II and Martumili and its artists.

Art at the Heart I had a number of themes over its four years. These were

Year 1: Landscape, Year 2: Aquatic Environment, Year 3: Light, Year 4: No theme.

Councillors are now asked to consider if themes are necessary for Art at the Heart II and if so what that themes or set of themes should be.

If Councillors endorse the recommendation that consideration is given to Art at the Heart II establishing a formal connection to Martumili, the following theme (A) (or something similar that reflects on both 'past/Aboriginal' and 'contemporary/future/everybody') is suggested. With this endorsement and with this type of theme, the winning artists will have a clear direction to work with Martu and/or Nyiyaparli artists/story tellers, draw inspiration and reflect in their public art pieces aspects of both Aboriginal history and culture of the East Pilbara and contemporary aspirations of the community at large.

- A) The East Pilbara: Ancient stories – modern dreams

Otherwise, other suggestions for themes are,

- B) Repeat Art at the Heart I themes.
- C) Year 1: Mineral Wealth, Year 2: Ancient Landscape, Year 3: Ancient Culture, Year 4: Combine all three
- D) Year 1: Toil, Year 2: Resilience, Year 3: Spirit, Year 4: Change

Council has six options:

1. Endorse theme A) (Recommended)
2. Endorse theme B)
3. Endorse theme C)
4. Endorse theme D)
5. Suggest and endorse alternative theme or theme(s)
6. Do not endorse any themes and allow the artist to develop their own theme based on their inspiration.

Finally, Councillors participated in the selection of the winning artists through Art at the Heart I. Up to three Councillors are now asked to nominate and be chosen to sit on the selection panel for Art at the Heart II. Councillors sit with two or three WA

based arts industry representatives. Participating Councillors can expect to be involved in a preliminary desk top scoring selection process on their own that may take a number of hours followed up with a final face to face selection process where the panel comes together to choose the final winner.

Council has two options:

1. Select one, two or three Councillors to sit on the selection panel to choose the winner of each Art at the Heart II. (Recommended)
2. Do not select any Councillors to sit on the selection panel.

10.1 NULLAGINE CARAVAN PARK

Elected Member: Cr Bridget Schill
Councillor

Author: Mrs Kylie Bergmann
Coordinator Governance

Proposed Meeting Date: 14 December 2018

Location/Address: Nullagine Caravan Park

Name of Applicant: N/A

Author Disclosure of Interest: Nil

REPORT PURPOSE

That Council consider amending Council Resolution 201819/67, regarding Nullagine Caravan Park to include provision of a new purpose built and compliant toilet block.

BACKGROUND

At the Ordinary Council Meeting on 26 October 2018 Council resolved to:

1. *Authorise the expenditure of \$300,000 for the demolition and remove all the buildings onsite at the Nullagine Caravan Park, and open the park up to free camping or a gold coin donation.*
2. *Retain power services at the Nullagine Caravan Park, to be operated by a paid meter.*
3. *Direct the CEO to develop a marketing strategy and media release of the benefits of this Caravan Park becoming a free camping area.*

Council was presented with three options being:

1. Authorise the expenditure of \$500,000 in capital replacement and upgrade of the required buildings to meet all current legislation and policy. Rectification of the other items identified in previous reports and consider amending the licence to increase the number of unpowered sites to meet the demand of patrons.
2. Authorise the expenditure of \$250,000 for the demolition and remove all the buildings onsite and install a new compliant toilet block, decommission the power services to the individual bays and open the park up to free camping or a gold coin donation.

3. Authorise the expenditure of \$150,000 for the demolition and remove all the buildings onsite and decommission the power services to the individual bays and open the park up to free camping or a gold coin donation.

The officer's preferred and recommend option was option 3. That recommendation lapsed due to the lack of a seconder.

A foreshadowed motion was then put by Cr. Gerry Parsons, being option 2. There was some discussion by Council around the operating costs of keeping caretakers at the Caravan Park and the recurring operating expenditure of maintaining the toilet block. There was also further Council discussion around the fact that a majority of patrons at the Caravan Park are self-sufficient.

Councillor Hatwell then moved an amendment to that option – being the final resolution as shown above.

COMMENTS/OPTIONS/DISCUSSIONS

Councillor Schill has requested this Notice of Motion as she believes there was not enough emphasis put on the Caravan Park having a toilet block. Councillor Schill believes this is a necessity for the Caravan Park considering that most people have been travelling for many hours before arriving in Nullagine.

Councillor Schill would also like to see a further option that Council considering leasing the Caravan Park to a suitable caretaker. Councillor Schill has indicated that there may potentially be an interested party who would consider leasing the Caravan Park. Apparently the couple put in an application to lease the Caravan Park 3 years ago but the leasing conditions were too strict.

STATUTORY IMPLICATIONS/REQUIREMENTS

POLICY IMPLICATIONS

4.9 TOURISM – OBJECTIVES AND GUIDELINES

4.12 RISK MANAGEMENT

STRATEGIC COMMUNITY PLAN

Goal 3 – Economic – Planned Actions

The Shire of East Pilbara seeks to support the economic development of its communities through the establishment of partnerships with industry, local businesses, government agencies and the tourism sector.

3.3 Provide adequate community infrastructure

- 3.3.1 Ensure well managed and equitable provision of community infrastructure
Partnering With: Federal Government, State Government, Industry, NCCI, other relevant stake holders

Responsible officer: MBA
Timing: 1-5 years

RISK MANAGEMENT CONSIDERATIONS

The current risk to Council is continuing to allow the general public to use facilities that don't meet legislative requirements.

Removing the toilet block may have an adverse effect on those travellers who wish to use the facilities for camping.

FINANCIAL IMPLICATIONS

The current adopted budget has \$150,000 allocated to the upgrade of the caravan park. Council has already authorised expenditure of \$300,000 which will need to be considered as part of budget review. If Council decides to install a new compliant toilet block, further funds would be required, as well as future costs in maintaining the facility.

It should be noted that Council currently has \$150,000 listed within the 2018/19 budget, an additional \$150,000 will be required to be sourced as part of the budget review process. If council decides to fund a fully compliant toilet block then additional funds of approximately \$200,000 could be required to ensure compliance – this would mean that Council will need to allocate approximately \$350,000 as part of the 2018/19 budget review process to complete this project.

Alternatively Council may wish to consider moving this project into 2019/20 financial year or look at loan borrowings to complete the project.
