REPORT PURPOSE

To provide an update to the Plant Committee on the 2023/24 plant replacement program.

BACKGROUND

At the Ordinary Council Meeting held on 25 January 2019, Council resolved to establish a Plant Committee to provide Council with input into the Shire's plant replacement program.

Fleet underpins Council's operations and plays a vital role in the provision of a range of services for the Shire's communities. To ensure that plant and vehicles are replaced with optimum timing, purchased items are suitable for use, are durable and able to tolerate weather extremes/conditions, it was deemed important that Councillors are involved in the formulation and decision making process of the annual plant replacement program.

The current Plant Replacement program for 2022/23 was amended in February 2023 following a report to the Plant Committee on at its last meeting held 23 February 2023.

COMMENTS/OPTIONS/DISCUSSIONS

The optimum replacement timing is guided by best value for money, which is captured in the 10-Year Plant Replacement Program as in **Appendix 1**. The program has been adjusted to reflect the acquisition of Isuzu MU-X vehicles as replacements for Toyota Prado vehicles, which faced lengthy delivery timeframes. This change was reported to the Plant Committee at its meeting on 23 February 2023.

Details of estimated timeframes for the delivery of vehicles are attached for Councillor's reference as **Appendix 2**.

A copy of the 10-Year Plant Replacement Program is attached for the Committee's information as **Appendix 1**.

STATUTORY IMPLICATIONS/REQUIREMENTS

Consistent with section 5.8 of the Local Government Act 1995

POLICY IMPLICATIONS
