- (a) each room is to be considered separately and sufficient space is to be allowed in each room for the number of persons present in the room at any one time; and
- (b) a deduction is to be made for the space occupied by furniture, fittings and projections of the walls into a room.

3.6 Ventilation

- (1) A person must not use or occupy, or permit to be used or occupied, a dwelling house unless the house is properly ventilated.
- (2) For the purposes of subclause (1) a dwelling house is to be deemed to be properly ventilated if it complies with the Building Code, including the provision of—
 - (a) natural ventilation; or
 - (b) a mechanical ventilation or air-conditioning system complying with AS1668.2-2002.
- (3) The owner of a dwelling house provided with a mechanical ventilation or an air-conditioning system must ensure that the system is—
 - (a) maintained in good working condition and in accordance with AS/NZS 3666:2002; and
 - (b) in use at all times the dwelling house is occupied, if it is a dwelling house without approved natural ventilation.
- (4) If, in the opinion of an Environmental Health Officer, a dwelling house is not properly ventilated, the Environmental Health Officer may by notice require the owner of the dwelling house to—
 - (a) provide a different, or additional method of ventilation; or
 - (b) cease using the dwelling house until it is properly ventilated.
- (5) The owner must comply with a notice made under subclause (4).

Division 3—Water supply

3.7 Water supply

- (1) The owner of a dwelling house must ensure that it is connected with a separate and independent water supply from the mains of a licensed water service operator or a water supply to the satisfaction of the Environmental Health Officer.
- (2) The water supply must at all times deliver an adequate supply of drinking water to each tap in the dwelling house or on the site on which the dwelling house is located.
- (3) The water supply to toilets, or for garden use may be from an alternative source, not necessarily drinking water.

3.8 Rain water tanks

The owner or occupier of a dwelling house for which part of the water supply is drawn from a rain water tank must—

- (a) maintain in a clean condition—
 - (i) the roof forming the catchment for the tank; and
 - (ii) the guttering and downpipes appurtenant to the roof;
- (b) ensure that each rain water tank is fitted with a tight-fitting mosquito proof cover which must not be removed at any time except for the purpose of cleaning, repairing or maintaining the tank;
- (c) annually clean any tank which is used to store water for human consumption; and

- (d) when directed by an Environmental Health Officer, empty, clean and disinfect any tank upon the premises, used to store water for human consumption.

3.9 Wells

The owner or occupier of any premises must not use or permit for human consumption the use of the water from any bore or well unless the bore or well is—

- (a) at least 30 metres from any soak well or other possible source of pollution unless otherwise approved by the Executive Director of Public Health; and
- (b) covered with a tight-fitting cover without openings of any sort other than those essential for the insertion of a pump.

3.10 Pollution

A person must not deposit on any land, any sewage, offensive matter or any other thing which may pollute or render unfit for human consumption, water from a well or other underground source.

Division 4—Second-hand furniture, bedding and clothing

3.11 Prohibition of sale

A person must not offer for sale or sell any second-hand furniture, bedding or clothing which is filthy or infested with vectors of disease.

3.12 Prohibition of possession

A dealer in second-hand furniture, bedding or clothing must not have on any premises used for the operation of the business any second-hand furniture, bedding or clothing which is filthy or infested with vectors of disease.

Division 5—Morgues

3.13 Requirement for licence

A person other than the State, must not own or operate a morgue unless it is licensed by the local government under this Division.

3.14 Application for licence

- (1) A person who is required to obtain a licence under this Division must apply for the licence in accordance with subclause (2).
- (2) An application for a licence must be –
- (a) made in writing in the form prescribed in Schedule 11; and
- (b) forwarded to the CEO together with –
- (i) the fee as fixed from time to time by resolution of the local government under section 344C of the Health Act; and
- (ii) a floor plan and specifications of the morgue which must include the following details –
- the use of each room;
 - the structural finish of each wall, floor and ceiling;
 - the position and type of each fitting and fixture; and
 - all ventilation inlets and outlets.
- (3) Before determining an application for a licence, the local government may require an applicant –
- (a) to provide additional information reasonably related to the application; and

- (b) to give local public notice of the application.
- (4) The local government may refuse to consider an application for a licence which is not in accordance with subclause (2) or where the requirements of subclause (3) have not been satisfied.

3.15 Decision on application for licence

- (1) The local government may –
 - (a) approve an application for a licence unconditionally or subject to any conditions; or
 - (b) refuse to approve an application for a licence.
- (2) A licence is not to be granted by the local government in respect of any premises unless –
 - (a) provision has been made for the keeping of bodies of the dead at a temperature not exceeding zero degrees Celsius;
 - (b) the walls are constructed of stone or brickwork or other approved material;
 - (c) the interior surface of all walls is covered with glazed tiles or is rendered impervious so as to be non-absorbent and washable;
 - (d) all floors are constructed of some impervious material, having a fall to an outlet discharging over a trapped gully;
 - (e) the premises are adequately ventilated by direct communication with the outside air; and
 - (f) the premises comply with the zoning and development provisions of the District Planning Scheme.
- (3) If the local government approves an application for a licence, it is to issue to the applicant a Certificate of Licence in the form prescribed in Schedule 12.
- (4) If the local government refuses to approve an application for a licence, it is to give written notice of that refusal to the applicant.
- (5) The local government may, at any time, amend a condition of approval and the amended condition takes effect when written notice of it is given to the licence holder.

3.16 Inspection of morgues

An Environmental Health Officer may conduct an annual inspection of a morgue.

3.17 Cancellation of a licence

- (1) Subject to subclause (3), the local government may, at any time, cancel the licence of a morgue for any reason which, in the opinion of the local government, justifies the cancellation.
- (2) Without limiting the generality of subclause (1), the local government may cancel a licence on any one or more of the following grounds –
 - (a) that the morgue has not, to the satisfaction of the local government, been kept free from vectors of disease or in a clean, wholesome and sanitary condition;
 - (b) that the owner or occupier of the morgue has –
 - (i) been convicted of an offence against this local law, or any other written law, in respect of a morgue;
 - (ii) not complied with a requirement of this Part; or
 - (iii) not complied with a condition of the licence;
 - (c) that the local government, having regard to a report from the Police Service, is satisfied that the owner or occupier is not a fit and proper person; or

- (d) that, by reason of alterations or additions or neglect to repair and renovate, the condition of the morgue is such as to render it, in the opinion of the local government, unfit to remain licensed.
- (3) Before cancelling the licence for a morgue under this clause, the local government must give notice to the owner or occupier requiring him or her, within a time specified in the notice, to show cause why the licence should not be cancelled.
- (4) If the local government cancels the licence for a morgue, it must give the owner or occupier notice of the cancellation and the licence is to be revoked as from the date on which the notice is served on the owner or occupier.

Part 4 – Waste food and refuse

Division 1—Liquid refuse

4.1 Interpretation

In this Division, unless the context otherwise requires—

approved carrier means a carrier approved by the local government;

carrier means a provider of services for the removal of liquid waste from septic tanks;

liquid refuse includes swimming pool discharges, all washings from windows, vehicles and carpet cleaning, overflow, bleed off, condensate and drainage from air conditioning equipment including cooling towers and evaporative coolers and other liquid used for cooling purposes; and

liquid waste means bathroom, kitchen, scullery and laundry wastes, the contents of septic tanks, all washings from animal and poultry pens and any other domestic or trade wastes that are discharged by means of a drain to a receptacle for drainage.

4.2 Deposit of liquid refuse

A person must not deposit or cause or permit to be deposited liquid refuse or liquid waste—

- (a) on a street;
- (b) in a stormwater disposal system; or
- (c) on any land or place other than a place or depot duly authorised for that purpose.

4.3 Disposal of liquid waste

(1) The owner or occupier of premises must —

- (a) provide, by one of the methods prescribed in this clause, for the disposal of all liquid waste produced on the premises; and
- (b) at all times maintain in good working order and condition any apparatus used for the disposal of liquid waste.

(2) Liquid waste must be disposed of by one of the following methods—

- (a) discharging it into the sewerage system of a licensed water service operator in a manner approved by the licensed water service operator;
- (b) discharging it into an apparatus for the treatment of sewage and disposal of effluent and liquid waste approved by the Executive Director of Public Health or the local government; or
- (c) collection and disposal at an approved liquid waste disposal site in a manner approved by the local government.

4.4 Approval for septic tank pumpouts and removal of liquid waste

A person must not collect, remove or dispose of the contents of a septic tank, the pumpouts from holding tanks or an apparatus for the treatment of sewage and other liquid wastes unless he or she is an approved carrier.

4.5 Application for approval

- (1) A carrier may apply in writing to the local government for approval to collect, remove or dispose of the contents of a septic tank, the pumpouts from holding tanks or an apparatus for the treatment of sewage.
- (2) The local government may grant or refuse an application under this section subject to conditions relating to—
 - (a) the time and method of collection, removal or disposal of the contents; or
 - (b) the route to be followed by a vehicle used in collection, removal or disposal of the contents; or
 - (c) the type of liquid waste that can be collected.
- (3) Any conditions imposed by the local government under this section must be—
 - (a) specified in the written approval of the local government; and
 - (b) in addition to any conditions imposed by the Executive Director of Public Health or conditions applying under any other law.
- (4) The local government may from time to time vary conditions imposed by it under this section by giving written notice of the variation to the person to whom approval was given.

4.6 Provision of quarterly reports

The approved carrier may be required to provide quarterly reports to the local government containing accurate details of—

- (a) the date of servicing the liquid waste system;
- (b) the address or location of the involved property; and
- (c) the type of system serviced.

Division 2—Transport of butchers' waste

4.7 Interpretation

In this Division, unless the context otherwise requires, *butchers' waste* includes animal skeletons, rib cages from a boning room and the inedible products of an abattoir.

4.8 Restriction of vehicles

A person must not use, for the transport of butchers' waste—

- (a) a vehicle or container not approved by the local government; or
- (b) a vehicle used for the transport of food or drugs; or
- (c) anything intended to be used for the packing or handling of food or drugs.

4.9 Transport of butchers' waste

- (1) A person must not transport butchers' waste other than in—
 - (a) a compartment complying with the following specifications—
 - (i) all internal surfaces to be constructed of an approved, smooth, impervious material not less than 910 millimetres high;
 - (ii) all joints to be sealed and made water-tight;
 - (iii) the loading doors, if any, to be water-tight and kept closed at all times except when loading; and

- (iv) the top to be completely covered by a tarpaulin or other impervious material approved by the local government, carried over, and secured to the outside of the walls at least 300 millimetres from the top so as to keep the load out of sight of the public; or
 - (b) a sealed container fitted with a lid which can be tightly closed.
- (2) A person must not transport any butchers' waste in a vehicle unless the vehicle and its fittings, including the compartment or container referred to in this clause, are—
- (a) maintained in good order and condition; and
 - (b) thoroughly cleaned at the conclusion of each day's work.
- (3) A person must not load, transport, or unload butchers' waste in a manner that is or maybe offensive due to—
- (a) the sight of animal skeletons, bones, offal or waste matter;
 - (b) the odour of putrefaction, offal or waste matter; or
 - (c) the presence of blood and particles of flesh or fat dropping onto the surface of the street pavement or ground.

Part 5 – Nuisances

5.1 Interpretation

In this Part, unless the context otherwise requires –

fertiliser includes manure; and

public vehicle means a vehicle used by a public or private corporation that provides a service to the public.

5.2 Footpaths etc. to be kept clean

An owner or occupier of premises must keep any footpath, pavement, area or right of way immediately adjacent to the premises clean and clear from refuse and other obstacles which –

- (a) are or have been in the possession or control of the owner or occupier; and
- (b) the owner or occupier has caused or allowed to be on the footpath, pavement, area or right of way.

5.3 Escape of smoke etc.

An owner or occupier of premises must not cause or permit the escape of smoke, dust, fumes, offensive or foul odours, liquid waste or liquid refuse from the premises in a quantity or of a nature as to cause or to be a nuisance.

5.4 Public vehicles to be kept clean

The owner or person in control of a public vehicle must—

- (a) maintain the vehicle at all times—
 - (i) in a clean condition; and
 - (ii) free from vectors of disease; and
- (b) whenever directed to do so by an Environmental Health Officer, thoroughly clean and disinfect the vehicle as directed.

5.5 Prohibition against spitting

A person must not spit—

- (a) on a footpath, street or public place; or
- (b) in a train, bus or other public transport.

5.6 Transportation, use and storage of offal, blood, or other offensive matter

- (1) A person must not transport or store offal or blood, for the purpose of being used as manure, unless it has been sterilised by steam and properly dried.
- (2) No person shall remove any offensive matter unless such offensive matter is carried in sealed containers to prevent the escape of any of the contents, or the emission of any offensive odour.
- (3) Every person using any sealed containers or vehicle for the removal of offensive matter must keep such container or vehicle in a thoroughly clean condition and in good repair.

5.7 Use or storage of fertiliser

An owner or occupier of premises must not use, or keep for the purpose of use as fertiliser, any -

- (a) pig manure;
- (b) human faeces; or
- (c) urine.

5.8 Storage and dispatch of artificial fertiliser

An owner or occupier of premises where artificial fertiliser is stored in bulk for sale must—

- (a) keep all artificial fertiliser in a building—
 - (i) of which the walls, floors and ceilings or undersides of the roof are constructed of durable and non-absorbent materials finished internally with a smooth surface; and
 - (ii) free from damp and properly ventilated;
- (b) take adequate measures to prevent the emission of dust or offensive effluvia from the building; and
- (c) ensure that all artificial fertiliser dispatched from the premises is handled and loaded in such a manner as to prevent any nuisance arising during transit.

5.9 Storage of fertiliser in a dwelling house

The owner or occupier of a dwelling house where fertiliser or compost is stored or used must—

- (a) prevent the escape of odours, dust or particles of fertiliser or compost;
- (b) treat the fertiliser or compost in such a manner as to effectively prevent it attracting or being a breeding place for flies or other vectors of disease; and
- (c) store only such amounts of fertiliser or compost—
 - (i) as can be readily used within a reasonable period; or
 - (ii) as may be directed by an Environmental Health Officer.

Part 6 – Keeping animals

Division 1—General provisions

6.1 Interpretation

In this Division, unless the context otherwise requires—

animal includes cats, dogs, rabbits, and ferrets or the like; and

bird includes galahs, parrots, budgerigars, finches, pigeons and doves or the like.

6.2 Cleanliness

An owner or occupier of premises in or on which an animal or bird is kept must—

- (a) keep the premises free from excrement, filth, food waste and all other matter which is, or is likely to become, a nuisance, injurious or dangerous to health or to attract rats or other vectors of disease;
- (b) dispose of excrement, filth, food waste or other matter in an approved manner;
- (c) when so directed by an Environmental Health Officer, clean and disinfect the premises; and
- (d) keep the premises, so far as possible, free from flies or other vectors of disease by spraying with a residual insecticide or other effective means.

6.3 Vehicles used for transporting of animals and birds

No person having the control or management of any vehicle in which animals or birds are being or have been transported or confined shall allow such a vehicle to stand within a townsite until the vehicle has been thoroughly cleaned.

Division 2 – Limit on number of animals kept

6.4 Limit on numbers

A person must not keep animals, or permit animals to remain on any property in such numbers that they are, or are likely to be, a nuisance, injurious or dangerous to health.

6.5 Animal enclosures

- (1) A person must not keep or cause or permit to be kept any animals or birds in an enclosure that is not effectively drained or where the drainage flows to the walls or foundations of any building.
- (2) The owner or occupier of premises where animals or birds are kept must, when directed by the Environmental Health Officer, pave, grade and drain the floors of all structures and the surface of the ground of all enclosures used for the keeping of animals or birds
- (3) The owner or occupier of premises where a rabbit is kept must ensure that each rabbit is kept in a suitable enclosure that effectively prevents it from escaping.

6.6 Cats

- (1) Subject to subclause (6), a person must not, without an exemption in writing from the local government, keep more than 2 cats over the ages of 3 months on premises on any land within the district.
- (2) An owner or occupier of premises may apply in writing to the local government for exemption from the requirements of subclause (1).
- (3) The local government must not grant an exemption from subclause (1) unless it is satisfied that the number of cats to be kept will not be a nuisance or injurious or dangerous to health.
- (4) An exemption granted under this clause must specify—
 - (a) the owner or occupier to whom the exemption applies;
 - (b) the premises to which the exemption applies; and
 - (c) the maximum number of cats which may be kept on the premises.
- (5) A person who is granted an exemption under subclause (3) may be required by the local government to –
 - (a) provide for each cat kept at or on the premises, a properly constructed shelter with an enclosure complying with the following –

- (i) each shelter must have a floor area of not less than 0.5 square metres for each cat over the age of 3 months kept or to be kept therein; and
 - (ii) the area of the enclosure appurtenant to each shelter shall be not less than 3 times the area of the shelter;
 - (b) ensure every shelter and enclosure is situated at a distance of not less than –
 - (i) 2 metres from the boundary of any lot not owned or occupied by the person by whom the cats are kept; and
 - (ii) 10 metres from any dwelling, church, school room, hall or premises in which food is manufactured, packed or prepared for human consumption; and
 - (c) keep all shelters, enclosures, yards and grounds in which cats are kept in a clean condition and free from vectors of disease at all times and clean, disinfect or otherwise as directed by an Environmental Health Officer from time to time.
- (6) A person may keep more than 2 cats on premises used for veterinary purposes or as a pet shop.

6.7 Slaughter of animals

- (1) Subject to subclause (2), a person must not slaughter any animal within the district.

6.22 Premises to be approved

- (1) No premises shall be used as a feedlot unless approved by the local government.
- (2) Subject to subclause (3), no premises shall be approved as a feedlot by the local government unless every portion of such feedlot complies with the minimum separation distances listed in Schedule 1.
- (3) Sites unable to satisfy the separation requirements may be approved at the discretion of the local government, if the local government is satisfied that approving the feedlot will not give rise to a health nuisance.

6.23 Site conditions

- (1) The owner or occupier of the approved feedlot must ensure the premises—
 - (a) is sited on gently sloping land, no greater than 1:20 but not less than 1:100;
 - (b) is sited on soils composed of sandy loam soils with sufficient infiltration to avoid surface ponding and run-off;
 - (c) has a minimum groundwater clearance of 3 metres;
 - (d) drainage diverts all uncontaminated stormwater from the general waste stream; and
 - (e) has solid and liquid waste disposal arrangements that are not offensive or injurious to health.
- (2) The owner or occupier of the approved feedlot must take effective measures to prevent the discharge of dust which may involve—
 - (a) reducing the stocking rate immediately to a level that does not cause the discharge of dust;
 - (b) stabilisation of the soil surface to a level that does not cause the discharge of dust; or
 - (c) provision of adequate windbreaks to effectively prevent the discharge of dust.

Division 6—Piggeries

6.24 Interpretation

In this Division, unless the context otherwise requires —

intensive piggery means pigs are housed, fed and watered in breeding and growing pens in sheds; and

piggery in relation to premises shall include any portion of premises to which the pigs have access.

6.25 Premises to be approved

- (1) No premises shall be used as a piggery unless approved by the local government.
- (2) Subject to subclause (3), no premises shall be approved as a piggery by the local government unless every portion of such piggery complies with the minimum separation distances listed in Schedule 2; or if it is an intensive piggery, the minimum separation distances listed in Schedule 3.
- (3) Sites unable to satisfy the separation requirements may be approved at the discretion of the local government, if the local government is satisfied that approving the piggery will not give rise to a health nuisance.

6.26 Site conditions

The owner or occupier of premises must take effective measures to prevent the discharge of dust which may involve—

- (a) reducing the stocking rate immediately to a level that does not cause the discharge of dust;
- (b) stabilisation of the soil surface to a level that does not cause the discharge of dust; or
- (c) provision of adequate windbreaks to effectively prevent the discharge of dust.

6.27 Prevention of nuisances

In order to prevent dust, offensive fumes and effluent becoming a nuisance to the health of the inhabitants of the district, an intensive piggery must comply with the minimum separation distances listed in Schedule 3.

Part 7 – Pest control

Division 1—Flies

7.1 Interpretation

In this Division, unless the context otherwise requires, *flies* means any of the two-winged insects constituting the order Diptera commonly known as flies.

7.2 Fly breeding matter

An owner or occupier of premises must not place, throw or leave, or permit or cause to be placed, thrown or left, in, on or about the premises any matter or thing which is liable to attract or be a breeding place for flies, unless that matter or thing is covered, protected, treated or dealt with in such a manner as to effectively prevent it from attracting or being a breeding place for flies.

7.3 Measures to be taken

An owner or occupier of premises must ensure that—

- (a) rubbish receptacles are kept clean and tightly sealed at all times except when refuse is being deposited or emptied;
- (b) food scraps and uneaten pet food are wrapped tightly and deposited in a rubbish receptacle without delay;
- (c) lawn clippings used on gardens as mulch are raked out thinly;
- (d) fertilisers are dug well into the soil;
- (e) compost heaps are kept well covered;
- (f) barbecues are kept clean and free from food scraps;
- (g) anything that is buried and may attract or be a breeding place for flies is covered with at least 100 millimetres of soil; and
- (h) excrement from pets is collected and properly disposed of without delay.

7.4 Environmental Health Officer may give notice directing measures to be taken

If, in the opinion of an Environmental Health Officer, flies are prevalent or are breeding on any premises, the Environmental Health Officer may give to the owner or occupier of the premises notice in writing directing him or her to take, within the time specified in the notice, such measures as in the opinion of the Environmental Health Officer are necessary to—

- (a) control the prevalence of flies;
- (b) effect the eradication of flies; or
- (c) effectively prevent the breeding of flies;

7.5 Local government may execute work and recover costs

(1) Where—

- (a) a person is required under this Division, or directed by a notice given under clause 7.4, to execute any work; and
 - (b) that person fails or neglects to comply with the requirement,
- the local government may execute the work and may recover from that person the cost of executing the work, in addition to any penalty for which that person may be liable under this local law.

(2) The costs and expenses incurred by the local government in the execution of a power under subclause (1) may be recovered in a court of competent jurisdiction from the person referred to in subclause (1).

- (3) The local government shall not be liable to pay compensation or damages of any kind to the person referred to in subclause (1) in relation to any action taken by the local government under this clause, other than compensation or damages for loss or damage suffered because the local government acted negligently or in breach of duty.

Division 2—Mosquitoes

7.6 Interpretation

In this Division, unless the context otherwise requires, *mosquitoes* means any of the two-winged insects constituting the family Diptera Culicidae commonly known as mosquitoes.

7.7 Premises to be kept free of mosquito breeding matter

An owner or occupier of premises must keep the premises free of –

- (a) refuse; and
- (b) water located so as to be, liable to become the breeding place of mosquitoes.

7.8 Measures to be taken by an owner or occupier

An owner or occupier of premises –

 - (c) provide an adequate supply of hot and cold water to each wash trough, sink and washing machine; and
 - (d) ensure that the floor area of each laundry is properly surfaced with an impervious material with an even fall to a floor waste.
- (3) An Environmental Health Officer may approve the provision of a reduced number of laundry units if suitable equipment of a commercial type is installed.

9.15 Fire prevention and control

- (1) A keeper of a lodging house must—
- (a) in each passage of the lodging house provide an emergency light—
 - (i) in such a position and of such a pattern, as approved by an Environmental Health Officer; and
 - (ii) which must be kept separate from the general lighting system and kept illuminated during the hours of darkness;

- (b) provide an approved fire blanket positioned within 2 metres of the cooking area in each kitchen;
 - (c) ensure that each exit sign and fire fighting appliance is clearly visible, accessible and maintained in good working order at all times; and
 - (d) ensure all fire fighting equipment and fire detection and alarm systems are adequately maintained at all times in such a condition as will enable their proper performance.
- (2) A keeper of a lodging house must ensure that all buildings comprising the lodging house are fitted with fire protection equipment in accordance with the Building Code.

9.16 Obstruction of passages and stairways

A keeper must not cause or allow furniture, fittings or other things to be placed either temporarily or permanently in or on—

- (a) a stairway, stair landing, fire-escape, window or common passageway; or
- (b) part of the lodging house in common use or intended or adapted for common use,

in such a manner as to form an obstruction to the free passage of lodgers, residents or persons in or occupying the lodging house.

9.17 Fitting of locks

A person must not fit, or cause or permit to be fitted, to an exit door a lock or other device which prevents the door being opened from within a lodging house.

9.18 Restriction on use of rooms for sleeping

- (1) Subject to subclause (3) and clause 9.32 and unless otherwise approved by the Environmental Health Officer, a keeper must not use, or permit to be used as a sleeping apartment, a room in a lodging house—
- (a) which contains food;
 - (b) which contains or is fitted with a cooking appliance or kitchen sink;
 - (c) which is used as a kitchen, scullery, store room, dining room, general sitting room, lounge room or for the preparation or storage of food;
 - (d) which is not reasonably accessible without passing through a sleeping or other room in the private occupation of another person;
 - (e) which, except in the case of a short term hostel or a recreational campsite, contains less than 5.5 square metres of clear space for each lodger occupying the room;
 - (f) which is naturally illuminated by windows, which have an area of less than 10% of the floor area of the room;
 - (g) which has an unobstructed ventilating area, which is less than 5% of the floor area of the room;
 - (h) in which the lighting or ventilation referred to in paragraphs (f) and (g) is obstructed or is not in good and efficient order;
 - (i) which is not free from internal dampness;
 - (j) of which any part of the floor is below the level of the adjoining ground; or
 - (k) the floor of which is not fitted with an approved carpet or vinyl floor covering or other floor treatment approved by an Environmental Health Officer.
- (2) For the purpose of this clause, two children under the age of 10 years shall be counted as one lodger.
- (3) Paragraphs (a), (b) and (c) of subclause (1) do not apply to a serviced apartment.

9.19 Sleeping accommodation, short term hostels and recreational campsites

- (1) A keeper of a short term hostel or recreational campsite must provide clear floor space of not less than—
 - (a) 4 square metres per person in each dormitory utilising beds; and
 - (b) 2.5 square metres per person in dormitories utilising bunks.
- (2) For the avoidance of doubt, a double bed provided for the use of a couple is to have the same floor space requirements as 2 single beds.
- (3) The calculation of floor space in subclause (1) is to exclude the area occupied by any large items of furniture, such as wardrobes, but may include the area occupied by beds.
- (4) The minimum height of any ceiling in a short term hostel or recreational campsite is to be 2.4 metres in any dormitory utilising beds and 2.7 metres in any dormitory utilising bunks.
- (5) The minimum floor area requirements in subclause (1) will only apply if there is ventilation, separation distances, fire egress and other safety requirements in accordance with the Building Code.
- (6) The keeper of any short term hostel or recreational campsite must provide—
 - (a) fixed outlet ventilation at a ratio of 0.15 square metres to each 10 square metres of floor area of the dormitories, and must ensure that dormitories are provided with direct ventilation to the open air from a point within 230 millimetres of the ceiling level through a fixed open window or vents, carried as direct to the open air as practicable; or
 - (b) mechanical ventilation in lieu of fixed ventilation, subject to the local government's approval.
- (7) The keeper of any short term hostel or recreational campsite must provide—
 - (a) beds with a minimum size of—
 - (i) in short term hostels—800 millimetres x 1.9 metres; and
 - (ii) in recreational campsites—750 millimetres x 1.85 metres; and
 - (b) storage space for personal effects, including backpacks, so that cleaning operations are not hindered and access spaces are not obstructed.
- (8) The keeper of any short term hostel or recreational campsite must —
 - (a) maintain at all times a minimum distance of 750 millimetres between beds, and a minimum distance of 900 millimetres between bunks;
 - (b) ensure that, where bed or bunk heads are placed against the wall on either side of a dormitory, there is a passageway of at least 1.35 metres between each row of beds and a passageway of at least 2 metres between each row of bunks;
 - (c) ensure that the passageway is kept clear of obstructions at all times; and
 - (d) ensure all doors, windows and ventilators are kept free of obstruction at all times.
- (9) The keeper of any short term hostel or recreational campsite must ensure that-
 - (a) materials used in dormitory areas comply with AS 1530.2-1993 and AS 1530.3:1999 as follows—
 - (i) drapes, curtains, blinds and bed covers— a maximum Flammability Index of 6;
 - (ii) upholstery and bedding— a maximum Spread of Flame Index of 6 and a maximum Smoke Developed Index of 5; and
 - (iii) floor coverings—a maximum Spread of Flame Index of 7 and a maximum Smoke Developed Index of 5;
 - (b) fire retardant coatings used to make a material comply with these indices must be—

- (i) certified by the manufacturer as approved for use with the fabric to achieve the required indices;
- (ii) certified by the manufacturer to retain its fire retardant effect after a minimum of 5 commercial dry cleaning or laundering operations carried out in accordance with AS 2001.5.4-1987; and
- (iii) certified by the applicator as having been carried out in accordance with the manufacturer's specification;
- (c) emergency lighting is provided in accordance with the Building Code;
- (d) a lodger or other person does not smoke in any dormitory, kitchen, dining room or other enclosed public place, within a short term hostel or recreational campsite; and
- (e) all mattresses are fitted with a mattress protector.

9.20 Furnishing etc. of sleeping apartments

The keeper must—

- (a) furnish each sleeping apartment with a sufficient number of beds and sufficient bedding of good quality;
 - (b) ensure that each bed—
 - (i) has a bed head, mattress and pillow; and
 - (ii) except in the case of short term hostels and recreational campsites, is provided with a pillow case, 2 sheets, a blanket or rug and, from 1 May to 30 September, not less than one additional blanket or rug;
 - (c) in the case of a short term hostel or recreational campsite, ensure that there is for each bed a pillow case, 2 sheets and 2 blankets available for the use of lodgers either free of charge or on payment of a fee;
 - (d) in the case of a short term hostel or recreational campsite, ensure that lodgers use some form of bedding to cover the pillow and mattress;
 - (e) except in the case of a short term hostel or recreational campsite, furnish each bedroom so that there are adequate storage facilities for lodgers' belongings within the room; and
 - (f) in the case of short term hostels and recreational campsites, ensure that there is a room or rooms provided for the secure storage of lodgers' luggage.
- (2) The keeper shall not cause or allow a bunk to be used in a sleeping apartment other than in a lodging house used exclusively as a short term hostel or recreational campsite.

9.21 Ventilation

- (1) If, in the opinion of an Environmental Health Officer, a kitchen, bathroom, toilet, laundry or habitable room is not adequately or properly ventilated, he or she may direct the keeper to provide a different or additional method of ventilation.
- (2) The keeper must comply with any direction given under subclause (1) within such time as directed.

9.22 Numbers to be placed on doors

- (1) A keeper must place, or cause to be placed, on the outside of the doors of all rooms available to lodgers in the lodging house, serial numbers so that—
 - (a) the number "1" is placed on the outside of the door of the room nearest to the front or main entry door of the lodging house; and
 - (b) the numbers continue in sequence throughout each floor (if there is more than one) of the lodging house.

- (2) The numbers to be placed on the doors under subclause (1) must be—
 - (a) not less than 40 millimetres in height;
 - (b) 1.5 metres from the floor; and
 - (c) permanently fixed either by being painted on the doors or by other legible means.

Division 3—Management and care

9.23 Keeper or manager to reside in the lodging house

Whenever there is one or more lodgers in a lodging house, a keeper or manager must—

- (a) reside continuously in the lodging house; and
- (b) not be absent from the lodging house unless he or she arranges for a reputable person to have the care and management of the lodging house.

9.24 Register of lodgers

- (1) A keeper must keep a register of lodgers in the form prescribed in Schedule 8.
- (2) The register of lodgers must —
 - (a) include the details required by the local government;
 - (b) be kept in the lodging house; and
 - (c) be open to inspection at any time on demand by any member of the Police Service or by an Environmental Health Officer.

9.25 Keeper report

A keeper must, whenever required by an Environmental Health Officer, report to the local government in the form prescribed in Schedule 9, the name of each lodger who lodged in the lodging house during the preceding day or night.

9.26 Certificate in respect of sleeping accommodation

- (1) An Environmental Health Officer may issue to a keeper a certificate, in respect of each room, which shall be in the form prescribed in Schedule 10.
- (2) The certificate issued under subclause (1) must specify the maximum number of persons who are permitted to occupy each room as a sleeping apartment at any one time.
- (3) When required by an Environmental Health Officer, a keeper must exhibit the certificate issued under this clause in a conspicuous place in the room to which the certificate refers.
- (4) A person shall not cause or allow a greater number of persons than is specified on a certificate issued under this clause to occupy the room to which it refers.

9.27 Duplicate keys and inspection

Each keeper and manager of a lodging house must—

- (a) retain possession of a duplicate key to the door of each room; and
- (b) when required by an Environmental Health Officer, open the door of any room for the purpose of inspection by the Environmental Health Officer.

9.28 Room occupancy

- (1) A keeper must not—
 - (a) cause or allow more than the maximum number of persons permitted by the Certificate of Registration of the lodging house to be lodged at any one time in the lodging house;

- (b) cause or allow to be placed or kept in any sleeping apartments—
 - (i) a larger number of beds; or
 - (ii) a larger quantity of bedding,
than is required to accommodate and provide for the maximum number of persons permitted to occupy the sleeping apartment at any one time; and
 - (c) use or cause or allow to be used for sleeping purposes a room that—
 - (i) has not been certified for that purpose; and
 - (ii) an Environmental Health Officer or Medical Officer has forbidden to be used as a sleeping apartment.
- (2) For the purpose of this clause, 2 children under 10 years of age shall be counted as one lodger.

9.29 Maintenance of a room by a lodger or resident

- (1) A keeper may permit, or contract with, a lodger or resident to service, clean or maintain the room or rooms occupied by the lodger or resident.
- (2) Where permission is given or a contract entered into under subclause (1), the keeper must—
 - (a) inspect each room the subject of the permission or agreement at least once a week; and
 - (b) ensure that each room is being maintained in a clean and sanitary condition.
- (3) A lodger or resident who contracts with a keeper to service, clean or maintain a room occupied by him or her, must maintain the room in a clean and sanitary condition.

9.30 Cleaning and maintenance requirements

- (1) In this clause, unless the context otherwise requires—
bed linen includes sheets and pillow cases and, in the case of a short term hostel or recreational campsite, mattress protectors.
- (2) A keeper of a lodging house must –
 - (a) maintain in a clean, sound and undamaged condition—
 - (i) the floor, walls, ceilings, woodwork and painted surfaces;
 - (ii) the floor coverings and window treatments; and
 - (iii) the toilet seats;
 - (b) maintain in a clean condition and in good working order—
 - (i) all fixtures and fittings; and
 - (ii) windows, doors and furniture;
 - (c) ensure that the internal walls of each bathroom and toilet have a smooth impervious washable surface;
 - (d) whenever there is one or more lodgers in a lodging house, ensure that the laundry floor is cleaned daily;
 - (e) ensure that—
 - (i) all bed linen, towels, and house linen in use is washed at least once a week;
 - (ii) within a reasonable time of a bed having been vacated by a lodger or resident, the bed linen is removed and washed;
 - (iii) a person does not occupy a bed which has been used by another person unless the bed has been provided with clean bed linen;
 - (iv) all beds, bedsteads, blankets, rugs, covers, bed linen, towels and house linen are kept clean, in good repair and free from vectors of disease;

- (v) when any vectors of disease are found in a bed, furniture, room or sleeping apartment, immediate effective action is taken to eradicate the vectors of disease; and
- (vi) a room which is not free from vectors of disease is not used as a sleeping apartment;
- (f) when so directed by an Environmental Health Officer, ensure that—
 - (i) a room, together with its contents, and any other part of the lodging house, is cleaned and disinfected; and
 - (ii) a bed or other article of furniture is removed from the lodging house and properly disposed of;
- (g) ensure that the yard is kept clean at all times;
- (h) provide all bedrooms, passages, common areas, toilets, bathrooms and laundries with adequate lighting; and
- (i) comply with any direction, whether orally or in writing, given by an Environmental Health Officer.

9.31 Responsibilities of lodgers and residents

A lodger or resident must not—

- (a) use any room available to lodgers—
 - (i) as a shop, store or factory; or
 - (ii) for manufacturing or trading services;
- (b) keep or store in or on the lodging house any goods or materials which are inflammable or offensive;
- (c) use a bath or hand wash hand basin other than for ablutionary purposes;
- (d) use a bathroom facility or fixture for laundry purposes;
- (e) use a sink installed in a kitchen or scullery for any purpose other than the washing and cleaning of cooking and eating utensils, other kitchenware and culinary purposes;
- (f) deposit rubbish or waste food other than into a proper rubbish receptacle;
- (g) in a kitchen or other place where food is kept—
 - (i) wash or permit the washing of clothing or bedding; or
 - (ii) keep or permit to be kept any soiled clothing or bedding;
- (h) subject to clause 9.32 —
 - (i) keep, store, prepare or cook food in any sleeping apartment; or
 - (ii) unless sick or invalid and unable to leave a sleeping apartment for that reason, use a sleeping apartment for dining purposes;
- (i) place or keep, in any part of a lodging house, any luggage, clothing, bedding or furniture, that is infested with vectors of disease;
- (j) store or keep such a quantity of furniture, material or goods within the lodging house—
 - (i) in any kitchen, living or sleeping apartment so as to prevent the cleaning of the floors, walls, fittings or fixtures; or
 - (ii) in a sleeping apartment so as to decrease the air space to less than the minimum required by this Part;
- (k) obstruct or prevent the keeper or manager from inspecting or examining the room or rooms occupied by the lodger or resident; and
- (l) fix any fastener or change any lock to a door or room without the written approval of the keeper.

9.32 Approval for storage of food

- (1) An Environmental Health Officer may—
 - (a) upon written application from a keeper, approve the storage of food within a refrigerator or sealed container in a sleeping apartment; and
 - (b) withdraw the approval if a nuisance or vector of disease infestation is found to exist in the lodging house.
- (2) The keeper of a serviced apartment may permit the storage and consumption of food within that apartment if suitable storage and dining facilities are provided.

Part 10 – Offensive trades

Division 1—General

10.1 Interpretation

In this Part, unless the context otherwise requires—

dry cleaning premises means premises on which is carried out the process of dry cleaning using only arklone as the dry cleaning fluid, in a machine operating on a full cycle fully enclosed basis; and

offensive trade means any one or more of the trades, businesses or occupations usually carried on, in or connected with, the following works or establishments—

- (a) fish processing establishments (not including retail fish shops) in which whole fish are cleaned and prepared;
- (b) shellfish and crustacean establishments, not including retail fish shops;
- (c) fish curing premises;
- (d) flock factories;
- (e) laundries, dry cleaning premises and dye works; and
- (f) any offensive trade as defined by section 186 of the Health Act.

Division 2 – Consent and registration

10.2 Interpretation

In this Division, unless the context otherwise requires –

Certificate of Registration means the certificate of registration of premises for offensive trade, issued under clause 10.6; and

occupier in relation to premises includes the person registered as the occupier of the premises in the Certificate of Registration.

10.3 Consent to establish an offensive trade

- (1) A person seeking the consent of the local government under section 187 of the Health Act to establish an offensive trade must –
 - (a) advertise notice of his or her intention to apply for consent in accordance with clause 10.4;
 - (b) give the CEO copies of the notice advertised under clause 10.3(1)(a), and the details of its advertising under clause 10.4(2); and
 - (c) make application in the form prescribed in Schedule 13 and in accordance with District Planning Scheme.
- (2) A person who makes a false statement in an application under this clause is guilty of an offence.

10.4 Notice of intention to apply

- (1) A notice required under subclause 10.3(1)(a) must –
 - (a) contain the name, address and telephone contact details of the person who intends to make the application;
 - (b) contain a description of the nature of the offensive trade; and
 - (c) contain details of the premises on or on which it is proposed to carry on the proposed trade.
- (2) Copies of the notice must be –
 - (a) given to each adjacent property owner and tenant, displayed on the premises in or on which it is proposed to carry out the proposed trade and advertised in a newspaper circulating in the district; or
 - (b) otherwise advertised as required by the CEO.

10.5 Decision on application for consent

- (1) The local government may –
 - (a) approve an application for consent unconditionally or subject to any conditions; or
 - (b) refuse to approve an application for consent.
- (2) If the local government approves an application for consent, it is to give the applicant written notice of its consent.
- (3) If the local government refuses to approve an application for consent, it is to give the applicant written notice of that refusal.
- (4) The local government may, at any time, amend a condition of approval and the amended condition takes effect when written notice of it is given to the owner or occupier of the premises on which the offensive trade is being, or is proposed to be, carried on.

10.6 Registration of premises

An application for the registration, or for the renewal of the registration, of premises pursuant to section 191 of the Health Act must be—

- (a) in the form prescribed in Schedule 14;
- (b) accompanied by the fee prescribed in the *Health (Offensive Trades Fees) Regulations 1976* as amended from time to time; and
- (c) lodged with the CEO.

10.7 Decision on application for registration

- (1) The local government may –
 - (a) approve an application for the registration, or for the renewal of the registration, of premises for the carrying on of an offensive trade unconditionally or subject to any conditions; or
 - (b) refuse to approve an application for the registration of premises for the carrying on of an offensive trade.
- (2) If the local government approves an application for the registration, or for the renewal of the registration, of premises for the carrying on of an offensive trade, it is to issue to the applicant a Certificate of Registration which must –
 - (a) be in the form prescribed in Schedule 15; and
 - (b) include the conditions (if any) on which the application is approved.
- (3) If the local government refuses to approve an application for the registration, or for the renewal of the registration, of premises for the carrying on of an offensive trade, it is to give written notice of that refusal to the applicant.

- (4) The local government may, at any time, amend a condition of approval and the amended condition takes effect when written notice of it is given to the owner or occupier of the premises.

10.8 Change of occupier

If there is a change of occupier of the premises registered pursuant to this Division, the new occupier must forthwith notify the CEO in writing of such change.

10.9 Alterations to premises

While any premises remain registered under this Division, a person must not, without the written permission of the local government, make or permit any change or alteration to the premises.

Division 3—General duties of an occupier

10.10 Interpretation

In this Division, unless the context otherwise requires—

occupier means the occupier, or where there is more than one occupier, each of the occupiers of the premises in or upon which an offensive trade is carried on; and

the premises means the premises in or upon which an offensive trade is carried on.

10.11 Cleanliness

The occupier must—

- (a) keep or cause to be kept in a clean and sanitary condition and in a state of good repair the floors, walls and ceilings and all other portions of the premises;
- (b) keep or cause to be kept in a clean and sanitary condition and in a state of good repair all fittings, fixtures, appliances, machinery, implements, shelves, counters, tables, benches, bins, cabinets, sinks, drain boards, drains, grease traps, tubs, vessels and other things used on or in connection with the premises;
- (c) keep the premises free from any unwholesome or offensive odour arising from the premises;
- (d) maintain in a clean and tidy condition all yards, footpaths, passage ways, paved areas, stores or outbuildings used in connection with the premises; and
- (e) clean daily and at all times keep and maintain all sanitary conveniences and all sanitary fittings and grease traps on the premises in a clean and sanitary condition.

10.12 Rats and other vectors of disease

The occupier must—

- (a) take all reasonably practicable measures to ensure that the premises are kept free from rodents, cockroaches, flies and other vectors of disease; and
- (b) provide in and on the premises all effective means and methods for the eradication and prevention of rodents, cockroaches, flies and other vectors of disease.

10.13 Sanitary conveniences and hand wash basins

The occupier must provide on the premises, in an approved position, sufficient sanitary conveniences and hand wash basins, each with an adequate supply of hot and cold water for use by employees and by all other persons lawfully upon the premises.

10.14 Painting of walls etc.

The occupier must cause the internal surface of every wall, the underside of every ceiling or roof and all fittings as may be directed in and on the premises to be cleaned and painted when instructed by an Environmental Health Officer.

10.15 Effluvia, vapours, gases or dust

The occupier must provide, use and maintain in a state of good repair and working order, appliances capable of effectively destroying or of rendering harmless all offensive effluvia, vapours, dust or gases arising in any process of his or her business or from any material, residue or other substance which may be kept or stored upon the premises.

10.16 Offensive material

The occupier must—

- (a) provide on the premises impervious receptacles of sufficient capacity to receive all offensive material and trade refuse produced upon the premises in any one day;
- (b) keep air-tight covers on the receptacles, except when it is necessary to place something in or remove something from them;
- (c) cause all offensive material and trade refuse to be placed immediately in the receptacles;
- (d) cause the contents of the receptacles to be removed from the premises at least once in every working day and at such more frequent intervals as may be directed by the local government or an Environmental Health Officer; and
- (e) cause all receptacles, after being emptied, to be cleaned immediately with an efficient and approved disinfectant.

10.17 Storage of materials

The occupier must cause all material on the premises to be stored so as not to be offensive or injurious to health whether by smell or otherwise and so as to prevent the creation of a nuisance.

10.18 Specified offensive trades

- (1) In this clause, *specified offensive trade* means one or more of the offensive trades carried on, in or connected with the following works or premises—
 - (a) fat rendering premises;
 - (b) fish processing, shellfish and crustacean processing premises (not including retail fish shops);
 - (c) fish curing premises (not including retail fish shops); and
 - (d) laundries, dry cleaning premises and dye works.
- (2) Where premises are used for or in relation to a specified offensive trade, the occupier must—
 - (a) cause the floor of the premises to—
 - (i) be properly drained and paved with impervious material;
 - (ii) have a smooth surface; and

- (iii) have a fall to a bucket trap or spoon drain in such a way that all liquids falling on the floor are conducted by the trap or drain to a drain inlet situated inside the building where the floor is situated; and
- (b) cause the angles formed by the walls with any other wall, and by the wall with the floor, to be coved to a radius of not less than 25 millimetres; and
- (c) cause all liquid refuse to be—
 - (i) cooled to a temperature not exceeding 26 degrees Celsius and be in accordance with the *Metropolitan Water Supply, Sewerage and Drainage Board By-Laws 1981* before being discharged into any drain outlet from any part of the premises; and
 - (ii) directed through such screening or purifying treatment as an Environmental Health Officer may from time to time direct.

10.19 Directions by an Environmental Health Officer

- (1) An Environmental Health Officer may give to the occupier directions to prevent or diminish the offensiveness of a specified offensive trade or to safeguard the public health.
- (2) The occupier must comply with a direction given under this clause.

10.20 Other duties of occupier

In addition to the requirements of this Division, the occupier must comply with all other requirements of this Part that apply to the particular specified offensive trade or trades conducted on the premises.

Division 4 – Fat rendering establishments

10.21 Interpretation

In this Division, unless the context otherwise requires –

fat rendering establishment means premises where edible fats including suet, dripping or premier jus are rendered down by any heat processing method; and

occupier means the occupier of any premises on which the trade of fat rendering is carried on.

10.22 Exhaust ventilation

The occupier must provide and maintain –

- (a) a hood which must –
 - (i) be of an approved design and construction;
 - (ii) be situated so as to arrest all effluvia, odours and smoke from the process of fat rendering; and
 - (iii) must extend a minimum of 150 millimetres beyond the length of each appliance; and
- (b) an exhaust ventilation system –
 - (i) the point of discharge of which must be at least 1 metre above the ridge of a pitched roof or 3 metres above a flat roof and must not be located within 6 metres of an adjoining property or any fresh air intake; and
 - (ii) which must discharge in such manner and in such a position that no nuisance is created.

10.23 Covering of apparatus

External parts of the fat rendering apparatus must be constructed or covered with a non-corrosive impervious material.

10.24 Rendering of walls

The occupier must cause each wall within a radius of 3 metres of the rendering apparatus or machinery to be rendered with a cement plaster with a steel float finish or other approved finish to a height of 2 metres, devoid of holes, cracks and crevices.

Division 5—Fish premises

10.25 Interpretation

In this Division, unless the context otherwise requires—

appliance includes a utensil, an instrument, a cover, a container or apparatus;

fish means fresh fish, frozen fish, chilled fish and cooked fish, whether cleaned, uncleaned or part cleaned and includes crustaceans and molluscs, but does not include –

- (a) fish which has been cured, preserved, hermetically canned or treated to prevent putrefaction; or
- (b) cleaned fish supplied in cartons or packets by a packer and sold in such cartons or packets if they are at all times kept in a deep freeze refrigeration unit at a temperature not exceeding minus 15 degrees Celsius;

fish curing premises means a place where, for the purpose of sale, fish may be partly cleaned, scaled or cut up for preservation by salting, drying, smoking or other means;

fish processing premises means a place where, for the purpose of trade, fish is cleaned, partly cleaned, scaled or cut up; and;

occupier means the occupier of fish processing premises or fish curing premises.

10.26 Fish preparation room

- (1) The fish preparation room of a fish processing premises or fish curing premises must have a self-closing door.
- (2) The occupier must ensure that all fish is prepared in the fish preparation room and that room is to be used solely for that purpose.

10.27 Disposal of waste

The occupier must cause all offal and wastes, all rejected and unsaleable fish and any rubbish or refuse which is likely to be offensive or a nuisance to be—

- (a) placed in the receptacles referred to in 10.17 and disposed of in accordance with that clause; or
- (b) kept in a frozen state in an approved enclosure before its removal from the premises.

10.28 Fish containers

The occupier must not allow any box, basket or other container used for the transport of fish to—

- (a) remain on the premises longer than is necessary for it to be emptied; or
- (b) be kept so as to cause a nuisance or to attract flies.

*Division 6 – Flock factories***10.29 Interpretation**

In this Division, unless the context otherwise requires –

flock factory includes any premises or place where flock is produced wholly or partly by tearing up or teasing, wadding, kapok, rags, cotton, linters, fibre, or other material used or likely to be used for the filling of mattresses, pillows, bedding, upholstery, cushions or substances used in packaging material or the manufacture of underfelt; and

occupier means the occupier of a flock factory.

10.30 New and used material

- (1) Subject to subclause (2), the occupier must not use, for the manufacture of flock, any material other than new material.
- (2) Material other than new material may be used for the manufacture of flock if, before being used, every part of that material is subjected to moist heat maintained at a temperature of 100 degrees Celsius for a least 20 minutes.
